CLARENDON CALLS FOR HELP

Sheriff Reports Food and Fuel Both
Running Low—Lumber Company's
Plant Burns to Water's Edge—Forty
Negroes Found Huddled in School
House Near Varner.

By the Associated Press.

Little Rock, Feb. 7.—At Arkansas City and Lake Village in southeastern Arkansas, both of which are submerged in the great lake formed by flood waters pouring through broken Arkansas river levees, and which are threatened with destruction should the Mississippi river levees break, the situation is reported more hopeful tonight. At Arkansas City it was reported that it is believed the levee will withstand a Mississippi river stage of 57.5 feet. The prediction is for 57 feet. Tonight the gauge registered 55.9 feet.

At Lake Village the flood waters rose a foot today, but it is believed they will go little higher. A relief committee working out of the town is bringing marooned families from the rural districts into the town and caring for them.

At Dumas, Gould and Varner and other places on the western edge of the great lake formed by the flood waters, it was reported that the water fell considerably during the day.

Charles Mason, farmer, is reported to have been drowned a few miles north of Arkansas City today, but the report could not be confirmed.

A special train from Dermott today rescued all the inhabitants of the village of Halley, which is flooded.

Mail service has been established between Arkansas City and McGhee by boats which pass over rich farming lands.

Sheriff Frank Milwee at Clarendon, submerged by the breaking of the White river levee, tonight repeated his call for assistance. He said food and fuel are running low and that great suffering will result unless help comes at once.

About 250 persons left the city in boats today and 100 are on the government boat "Quaker," which was sent from Devall's Bluff today. More than 800 persons remain in Clarendon and arrangements are being made to send food, fuel and clothing from Little Rock and other towns.

The large plant of the Clarendon Lumber company caught fire and burned to the water's edge this morning.

The relief train sent out from Little Rock, which was at Varner tonight, will return to Pine Bluff tonight. From there the members of the party tomorrow will charter a steamer and go down to the mouth of the river, carrying supplies for the flood sufferers.

Forty negroes who had been huddled in a school house near Varner for two days without food, were rescued and taken to Varner today.

Weather Bureau Figures.
By the Associated Press.—The weather bureau tonight issued the following special river bulletin:

"The following supplementary forecast is being issued for the Mississippi river from Natchez to New Orleans:

If the levees remain intact stages as follows are now indicated:

Natchez 53.5 feet by February 25. This will be 11 feet above the previous high water record of April 26, 1913; Baton Rouge La., 42.5 feet; Donaldsonville, La., 34 feet; and New Orleans, 21 to 21.5 early in March.

By February 18 the Atchafalaya river will reach a stage of 47 feet at Shumport and 43 feet at Melville. This stage of 43 feet at Melville will be 11 feet above the previous high water record of May 6, 1912. A stage of 36 feet is indicated in the Red river at Alexandria, La., by February 12.

Stages Monday morning in feet and tenths were as follows:

Cairo, 52.3, a fall of .3; Memphis, 43 feet, a rise of .4; Arkansas City, 55.8, a rise of .25 and .25 above the

SHOOTING NEAR LEE'S FERRY

First Intimation of Expected Trouble
Brought to Flagstaff by Runner.
Rumored Threats Have Been Made
to Burn Property and Massacre All
Whites Within Reach.

By the Associated Press.

Phoenix, Ariz., Feb. 7.—Five thousand residents in the northeastern portion of Arizona are alarmed over reports that the Hopi tribe of Navajo Indians were threatening to go on the "warpath," according to reports received here early tonight. Approximately 25,000 Indians are living on the Navajo reservation, but it was not known what proportion of them were involved in the threatened uprisings.

The Hopi Indians became angered, it was said, when one of their number was shot and killed several days ago by police officers. The Indians opened fire on the officers when they attempted to arrest him, according to information received by Thomas Flynn, United States district attorney.

The shooting occurred near Lee's Ferry, a crossing on the Grand Canyon of Arizona, about fifty miles south of the Arizona-Utah boundary line. Word of the threatened trouble was first brought to Flagstaff by an Indian runner.

Although instructions from the United States authorities at Washington were being awaited by officials here before taking any action, a number of deputy United States marshals were preparing to make the journey to the reservation to investigate the reports.

Efforts probably will be made to have a troop of cavalry from El Paso accompany the deputies to the scene, it was said tonight.

The Indian reservation is located in one of the most inaccessible portions of the state. Flagstaff, which is about 150 miles away, is the nearest point to which railroad and telegraph communication is available. Snow is several feet deep throughout this section.

Settlers reported that the Indians who belong to the same tribe whose members in New Mexico were pacified only by a visit from General Scott, the army chief of staff, in 1914, had declared their intention to burn property and massacre all the whites.

The Indian whose death was the cause of the trouble was killed by three policemen who reported that he resisted arrest.

District Attorney Flynn telegraphed Attorney General Gregory for instructions.

By the Associated Press.

Philadelphia, Feb. 7.—The entire outstanding issue of 900,000 shares of Cambria Steel company stock will be taken over by the Midvale Steel and Ordnance company at eighty-one dollars a share, or a total outlay of \$72,900,000.

This announcement was made tonight after it had been officially announced today that owners of a controlling interest in the Cambria concern had agreed to these terms at a conference here Saturday night.

Settlement for the stock will be made at the office of Drexel & Co. here on February 23. The agreement for the sale of the stock was made at a conference between Wm. E. Corey, president of the Midvale company; M. M. Donner, president of the Cambria Steel company; Arthur E. Newbold, J. L. Replogle and E. T. Stotesbury at the latter's residence.

Details of the financing of the deal effected today were not made public.

SUMMARY OF WAR

By the Associated Press.
Optimism prevails at Washington that the situation between the United States and Germany which arose over the sinking of the steamer Lusitania by a German submarine will be settled amicably. In official circles it has been stated that the use of the words "illegal" or "disavowal" will not be insisted upon by the United States and that no choice of words used by Germany in meeting the American government's contentions in the premises will be permitted to block the success of the negotiations.

While Secretary Lansing, who is to have a final conference with President Wilson on the subject, stated that he considered the situation unchanged, Chairman Stone of the senate foreign relations committee said his impression was that the case was "practically settled."

Except on the front in France and Belgium, little fighting has been reported. Paris tells of the bombardment of German positions near Het Sas and Steinstraete, in Belgium; the destruction of a German blockhouse between the Oise and the Aisne and of effective work by French batteries in the Ardais and Champagne regions. French shells on the former sector caused powerful explosions northeast of Atras and a great fire in the Champagne near Chateau.

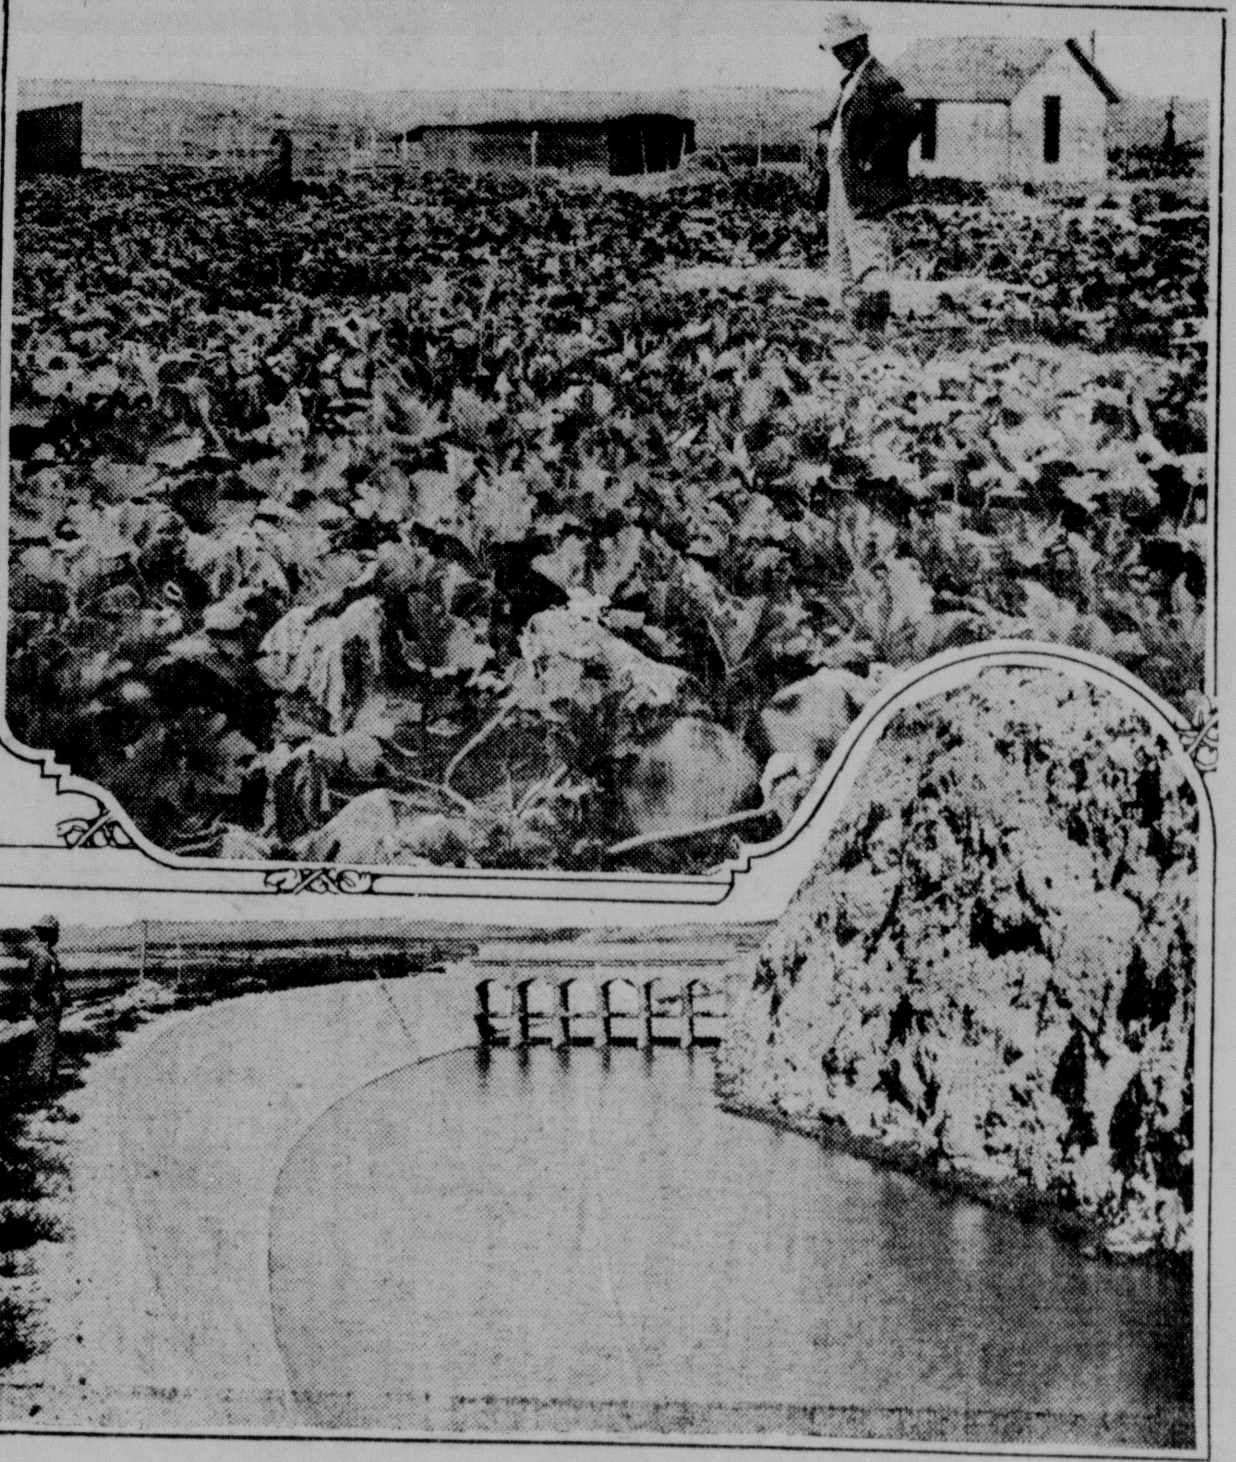

The Germans have been busy with their artillery against the British around Loos, while the British in re-
near have bombarded German trenches in the Ypres-Roulers reports.

The Vienna war office reports the situation unchanged on all fronts where Austro-Hungarian troops are fighting.

Nothing new has come through concerning the reported concentration of troops of the Teutonic allies in the region of the Greek border.

A Cologne dispatch indicates that authorities at Kiel are fearful of an allied air raid there. The populace has been notified that a steamer siren will give advance notice of a raid and that in case raiders come the people should not unduly expose themselves.

UNCLE SAM'S NEXT GREAT LAND LOTTERY TO BE HELD MARCH 24

Top, growing pumpkins on North Platte irrigation project; bottom, interstate canal on North Platte project.

Uncle Sam's next great land lottery—the first in two years—will occur on March 24 at Alliance, Nebraska, according to announcement by Secretary of Interior Lane. On that date 14,000 acres of irrigated lands on the North Platte irrigation project will be handed out in 40 and 80-acre homesteads to those lucky in the drawing.

ARMY OF MILLION WITHIN FEW YEARS

DR. GORGAS MAKES PREDICTION
AND DECLARES MORE SUR-
GEONS NEEDED.

Statement Made in Address at Congress on Medical Education.

By the Associated Press.

Chicago, Feb. 7.—The United States in a few years will have an army of 1,000,000 men ready to take the field and to meet the requirements of this vast body of men at least ten thousand surgeons will be required, asserted Dr. W. C. Gorgas, surgeon general of the United States, before the annual congress on medical education here today.

Dr. Gorgas was urging the adoption of a proposal offered earlier in the day for a national conference of medical examiners composed of representatives of state medical examining boards, which would prepare examination questions for state boards throughout the country. Candidates who passed this examination would be eligible for the United States medical reserve corps and would not have to pass any other examinations for licenses to practice.

Should the plan be adopted, Dr. Gorgas said, it would place the United States in a state of preparedness from a medical standpoint unexcelled by any nation. Each surgeon would be instructed in field duties, camp sanitation and the proper foods to be given out in various climates. At a moment's notice he would be ready to take his place in the field, perform his duties without instruction. This form of preparedness, asserted Dr. Gorgas, is just as essential as military preparedness.

The entire session of the congress today was devoted to a discussion of the proposal, but no change in its original form was suggested.

The congress will close tomorrow with a joint meeting of the Association of American Medical Colleges and the Federation of State Medical Boards.

Scantly Clad, 2500
Refugees Marooned
Near Arkansas Town

By the Associated Press.

Pine Bluff, Ark., Feb. 7.—A telegram received here tonight from J. C. Cross, a plantation owner, reported 2,500 scantily clad refugees marooned near Pendleton with only a meager food supply.

Lake Village reported several hundred homeless persons camped on the narrow strip that remains of the Lake Chicot embankment in urgent need of assistance. An appeal was telegraphed to Washington today. At McGhee 500 refugees were being cared for.

Reports that McGhee was inundated were denied in dispatches from that town today. The railroad tracks at McGhee Junction were said to be under water and several houses opposite the railroad station flooded but water has not entered the higher business and residence sections.

BANK CLEARINGS.

Clearings of Waco banks for yesterday's business totaled \$45,615.51, according to figures compiled for the Morning News by C. M. Vivrett, secretary-treasurer of the Waco Clearing House association. Clearings for yesterday a week ago were \$468,267.12, and \$435,445.41 for the corresponding Monday of last year.

WEATHER

LET TH' PRICE OF
GASOLINE SOAR—
THEY CAN'T MAKE
ME SORE!

By Isidor Block, D. O. S., F. R. Met. S.
Optician and Meteorologist.

Unsettled, probably rain; warmer. A low pressure moving in from the Brownsville country, with warmer and unsettled weather for today.

Local Readings.
Readings for the twenty-four hours ending at 7 o'clock last night: Maximum temperature 49 at 5 p. m.; minimum 31 at 6 a. m.; barometer 30.26; humidity .92; wind passage 125 miles; highest 9 miles an hour at 9:30 a. m.

Government Forecast.

Washington, Feb. 7.—Government forecast:
Louisiana and East Texas—Tuesday and Wednesday fair, warmer.
Oklahoma—Tuesday fair, warmer; Wednesday cloudy, warmer in east portion.
Oklahoma—Tuesday fair, warmer; Wednesday cloudy, colder in west portion.

West Texas—Tuesday fair, warmer except in southwest portion; Wednesday fair, colder in north portion.

An Explosion Wrecks Building.
By the Associated Press.
Emporium, Pa., Feb. 7.—An air tank at the plant of the Aetna Explosive company here exploded today. A small building in which it was located was destroyed, but no one was injured. The loss was trivial. The cause was unknown.

PACKER SAYS DEMAND FOR CATTLE LIGHT

J. OGDEN ARMOUR DENIES COM-
BINE IN STATEMENT AT SAN
ANTONIO.

Europe Buying Beef from South America, Not United States, Is Claimed.

By the Associated Press.
San Antonio, Tex., Feb. 7.—Replying to the charges of the cattle raisers of the southwest that the packing houses are driving them out of business, J. Ogden Armour, president of Armour & Co. of Chicago, who is here today, said that the low price being paid for cattle is not due to any combine or agreement of the packing houses.

"The low price of beef cattle is due solely to the light demand," said Mr. Armour.

"It is not because of any under-standing or even individual action on the part of the packing houses nor has the war got anything to do with the low price being paid for beef. Packers want good beef and are willing to pay the price for the best in the market. Europe is not buying six beef from the United States. Or-
american markets because beef can be purchased more cheaply from the United States. Very little beef is being shipped from this country to Europe. On the other hand beef is being shipped from South America."

Mr. Mann reiterated his previous plea for a larger army and navy and aided in maneuvering the bills to passage.

This is not the time for criminality and recrimination," said he. "It is not the time to find fault with that which has been. It is the time for all to join hands for that which may come."

The debate went far afield from the measures under consideration, extending to the general subject of military preparedness. The unusual sight of the speaker and the minority leader battling together for administration measures while the majority leader sat silently in the back of the house attracted crowds to the galleries and

Colombian Treaty May Not Be Passed With Amendments

By the Associated Press.
Washington, Feb. 7.—Approval has not been given by President Wilson and democrats of the senate are by no means unanimously in favor of amendments to the Colombian treaty for indemnity to the United States for the partition of Panama from twenty-five million dollars to \$15,000,000 and revise the expression of regret that anything should have marred the relations between the two countries so as to make it mutual instead of on the part of the United States alone.

Minister Betancourt of Colombia called on Secretary Lansing during the day and was assured that the president had not given his approval to either of the amendments. Later it became known that many of the democrats of the foreign relations committee opposed the changes.

A republican, Senator Smith of Michigan, by changing his vote on

a tie in the committee carried the amendment reducing the indemnity by ten million dollars.

"I voted against the amendment," said Senator Smith today, "because I am opposed to the United States paying one dollar to Colombia. But when I saw how close the committee stood on the issue, I concluded that \$15,000,000 was \$10,000,000 less than \$25,000,000, and I changed my vote. Now I am glad of it because I see it has started a row."

Senator Stone, chairman of the committee, would not discuss the division of opinion among democrats. He stated, however, that he had talked to the president about the amendments.

Tomorrow Senator Stone plans to call up the Nicaraguan three million dollar bill providing for acceptance of an option on the Nicaragua canal route and naval base on the coast. This precedes the Colombian for the changes in the indemnity. The latter will not be taken up until the other is disposed of.

TWO MEASURES FOR DEFENSE PASS THE HOUSE JOINTLY

NUMBER OF MIDDIES HOUSE AUTHORIZES
INCREASED 300 FOR
INCOMING CLASS

USE OF \$600,000 TO
EQUIP NAVY YARDS

SPEAKER CLARK AND REPUBLICAN LEADER MANN FIGHT SIDE BY SIDE AND PARTY LINES OBLITERATED—CANNON STANDS READY TO HELP.

By the Associated Press.
Washington, Feb. 7.—The house today authorized immediate use of \$500,000 to equip Mare Island navy yard to begin building a dreadnought or battle cruiser, the first to be constructed on the Pacific coast in a government yard. The senate has not yet acted. The expenditure of \$500,000 to enlarge the facilities of the New York yard also was authorized.

The resolution would transfer \$600,000 of the money already appropriated for dreadnoughts numbers forty-three and forty-four for the extension work at the yards. Its passage was specially asked by Secretary Daniels, who pointed out the limited capacity of American ship building yards for constructing dreadnoughts and said that if the naval increases contemplated in the administration's preparedness program were to be carried out, it would be necessary to increase the capacity of government yards.

The government yards bid a million dollars under private proposals for dreadnoughts numbers forty-three and forty-four.

The equipment of Mare Island will give the government two major construction yards. The other is in New York and the navy department plans soon to add Puget Sound, Norfolk and Philadelphia yards to the list, making a total of five battleship yards.

Battleship number forty-three will be laid down at the New York yard next September, as soon as the California is off the ways there, and number forty-four will be laid down at Mare Island probably about the same time.

Although they were authorized nearly a year ago, the plans of the two ships were delayed while tests were conducted by navy experts to work out a device for defense against submarines. Navy officers believe that it will be impossible to sink either ship with one torpedo.

These will be the greatest ships of their class.

Atlantic Fleet Fully Manned.
By the Associated Press.
Washington, Feb. 7.—When Rear Admiral Blue, chief of the bureau of navigation, told the house naval committee today that the Atlantic fleet went south for winter drills with an excess of nearly 200 men in its enlisted personnel, Representative Britton produced a radiogram from Admiral Fletcher stating that the fifteen battleships were short nearly 900 men. The message said the ships lacked 510 coal passers, sixty-seven mechanics, forty-eight mates, thirty-two boatswains' mates, sixty-two electricians, sixty yeomen and fortyfour ship's cooks.

"The message says nothing of the excess of men in other ratings, however," replied Admiral Blue, reiterating his statement that the fleet had from 150 to 200 men in excess of its total allowed enlisted complement when it started.

Admiral Fletcher has said the fleet was said to be short last year, while Admiral Blue, in his statement, said that the fleet was short of 1,000. Admiral Blue said fleet officers had asked for 1,157 men for the South Carolina and Michigan. That leaves either side he thought would be in the way.

"Have you ever commanded a battleship?" demanded Representative Britton.

"No," said Admiral Blue, "but I have been executive officer of an armored cruiser and the executive officer directly with the assignment and employment of the men."

Tents and Cots for U. C. V. Reunion.
By the Associated Press.
Washington, Feb. 7.—A resolution to authorize the war department to loan one thousand tents and cots for the United Confederate Veterans' encampment at Birmingham next May, passed by the house today. The resolution already has passed the senate.

CLARENDON CALLS FOR HELP SHOOTING NEAR LEE'S FERRY

Sheff Reports Food and Fuel Both
Running Low—Lumber Company's
Plant Burns to Water's Edge—Forty
Negroes Found Huddled in School
House Near Varner.

By the Associated Press.

Little Rock, Feb. 7.—At Arkansas City and Lake Village in southeastern Arkansas, both of which are submerged in the great lake formed by flood waters pouring through broken Arkansas river levees, and which are threatened with destruction should the Mississippi river levees break, the situation is reported more hopeful tonight. At Arkansas City it was reported that it is believed the levee will withstand a Mississippi river stage of 57.5 feet. The prediction is for 57 feet. Tonight the gauge registered 55.5 feet.

At Lake Village the flood waters rose a foot today, but it is believed they will go little higher. A relief committee working out of the town is bringing marooned families from the rural districts into the town and caring for them.

At Dumas, Gould and Varner and other places on the western edge of the great lake formed by the flood waters, it was reported that the water fell considerably during the day.

Charles Mason, farmer, is reported to have been drowned a few miles north of Arkansas City today, but the report could not be confirmed. A special train from Dermott today rescued all the inhabitants from the village of Halley, which is flooded.

Mail service has been established between Arkansas City and McGhee by boats which pass over rich farming lands.

Sheriff Frank Milwee at Clarendon, submerged by the breaking of the White river levee, tonight repeated his call for assistance. He said food and fuel are running low and that great suffering will result unless help comes at once. About 250 persons left Clarendon today and are being taken to other places where food and clothing from Little Rock and nearby towns.

The large plant of the Clarendon Lumber company caught fire and burned to the water's edge this morning. The relief train sent out from Little Rock, which was at Varner tonight, will return to Pine Bluff tonight. From there the members of the party tomorrow will charter a steamer and go down to the mouth of the river, carrying supplies for the flood sufferers. Forty negroes who had been huddled in a school house near Varner for two days without food, were rescued and taken to Varner today.

Weather Bureau Figures.

Washington, Feb. 7.—The weather bureau tonight issued the following special river bulletin:

"The following supplementary forecast has been issued for the Mississippi river from Natchez to New Orleans: If the levees remain intact stages as follows are now indicated: Natchez 53.5 feet by February 25. This will be 1.1 feet above the previous high water record of April 26, 1915; Baton Rouge, La., 42.5 feet; Donaldsonville, La., 34 feet; New Orleans, 21 to 21.5 early in March. By February 18 the Atchafalaya river will reach a stage of 47 feet at Simmsport and 43 feet at Melville, La.

This stage of 43 feet at Melville will be 1.1 feet above the previous high water record of May 6, 1912. A stage of 36 feet is indicated in the Red river at Alexandria, La., by February 12. Stages Monday morning in feet and tenths were as follows: Cairo, 52.3; a rise of .8; Memphis, 43 feet; a rise of .4; Arkansas City, 55.8; a rise of .25 and 25 above the

APPROXIMATELY 25,000 INDIANS
ON RESERVATION, BUT NUMBER
INVOLVED NOT KNOWN—TRIBE
ANGERED BECAUSE ONE MEM-
BER KILLED BY POLICE.

First Intimation of Expected Trouble
Brought to Flagstaff by Runner.
Rumored Threats Have Been Made
to Burn Property and Massacre All
Whites Within Reach.

By the Associated Press.

Phoenix, Ariz., Feb. 7.—Five thousand residents in the northeastern portion of Arizona are alarmed over reports that the Hopi tribe of Navajo Indians were threatening to go on the "warpath," according to reports received here early tonight. Approximately 25,000 Indians are living on the Navajo reservation, but it was not known what proportion of them were involved in the threatened uprisings.

The Hopi Indians became angered, it was said, when one of their number was shot and killed several days ago by police officers. The Indians opened fire on the officers when they attempted to arrest him, according to information received by Thomas Flynn, United States district attorney.

The shooting occurred near Lee's Ferry, a crossing on the Grand Canyon of Arizona, about fifty miles south of the Arizona-Utah boundary line. Word of the threatened trouble was first brought to Flagstaff by an Indian runner.

Although instructions from the United States authorities at Washington have been awaiting by officials here before taking any action, a number of deputy United States marshals were preparing to make the journey to the reservation to investigate the reports.

Efforts probably will be made to have a troop of cavalry from El Paso accompany the deputies to the scene, it was said tonight.

The Indian reservation is located in one of the most inaccessible portions of the state. Flagstaff, which is about 150 miles away, is the nearest point to which railroad and telegraph communication is available. Snow is several feet deep throughout this section.

Settlers reported that the Indians who belong to the same tribe whose members in New Mexico were pacified only by a visit from General Scott, the army chief of staff, in 1914, had declared their intention to burn property and massacre all the whites.

The Indian whose death was the cause of the trouble was killed by three policemen who reported that he resisted arrest.

District Attorney Flynn telegraphed Attorney General Gregory for instruction.

Cambria Steel to Bring \$72,900,000 in Monster Deal

By the Associated Press.

Philadelphia, Feb. 7.—The entire outstanding issue of 900,000 shares of Cambria Steel company stock will be taken over by the Midvale Steel and Ordnance company at eighty-one dollars a share, or a total outlay of \$72,900,000. This announcement was made tonight after it had been officially announced today that owners of a controlling interest in Cambria had agreed to these terms at a conference here Saturday night.

Settlement for the stock will be made at the office of Drexel & Co. here on February 22. The agreement for the sale of the stock was made at a conference between Wm. E. Corey, president of the Midvale company; M. M. Donner, president of the Cambria Steel company; Arthur E. Newbold, J. L. Replogle and J. T. Stotesbury at the latter's residence.

Details of the financing of the deal effected today were not made public.

SUMMARY OF WAR

By the Associated Press.

Optimism prevails at Washington that the situation between the United States and Germany which arose over the sinking of the steamer Lusitania by a German submarine will be settled amicably. In official circles it has been stated that the use of the words "illegal" or "disavowed" will not be insisted upon by the United States and that no choice of words used by Germany in meeting the American government's contentions in the premises will be permitted to block the success of the negotiations.

While Secretary Lansing, who is to have a final conference with President Wilson on the subject, stated that he considered the situation unchanged, Chairman Stone of the senate foreign relations committee said his impression was that the case was "practically settled."

Except on the front in France and Belgium, little fighting has been reported. Paris tells of the bombardment of German positions near Hiet Sas and Steenstraete, in Belgium; the destruction of a German blockhouse between the Oise and the Aisne and of effective work by French batteries in the Artois and Champagne regions. French shells on the former sector caused powerful explosions northeast of Atras and a great fire in the Champagne near Challeville.

The Germans have been busy with their artillery against the British.

around Loos, while the British in re-
near the Ypres-Roulers railway.

The Vienna war office reports the situation unchanged on all fronts where Austro-Hungarian troops are fighting.

No fighting new has come through concerning the reported concentration of troops of the Teutonic allies in the region of the Greek border.

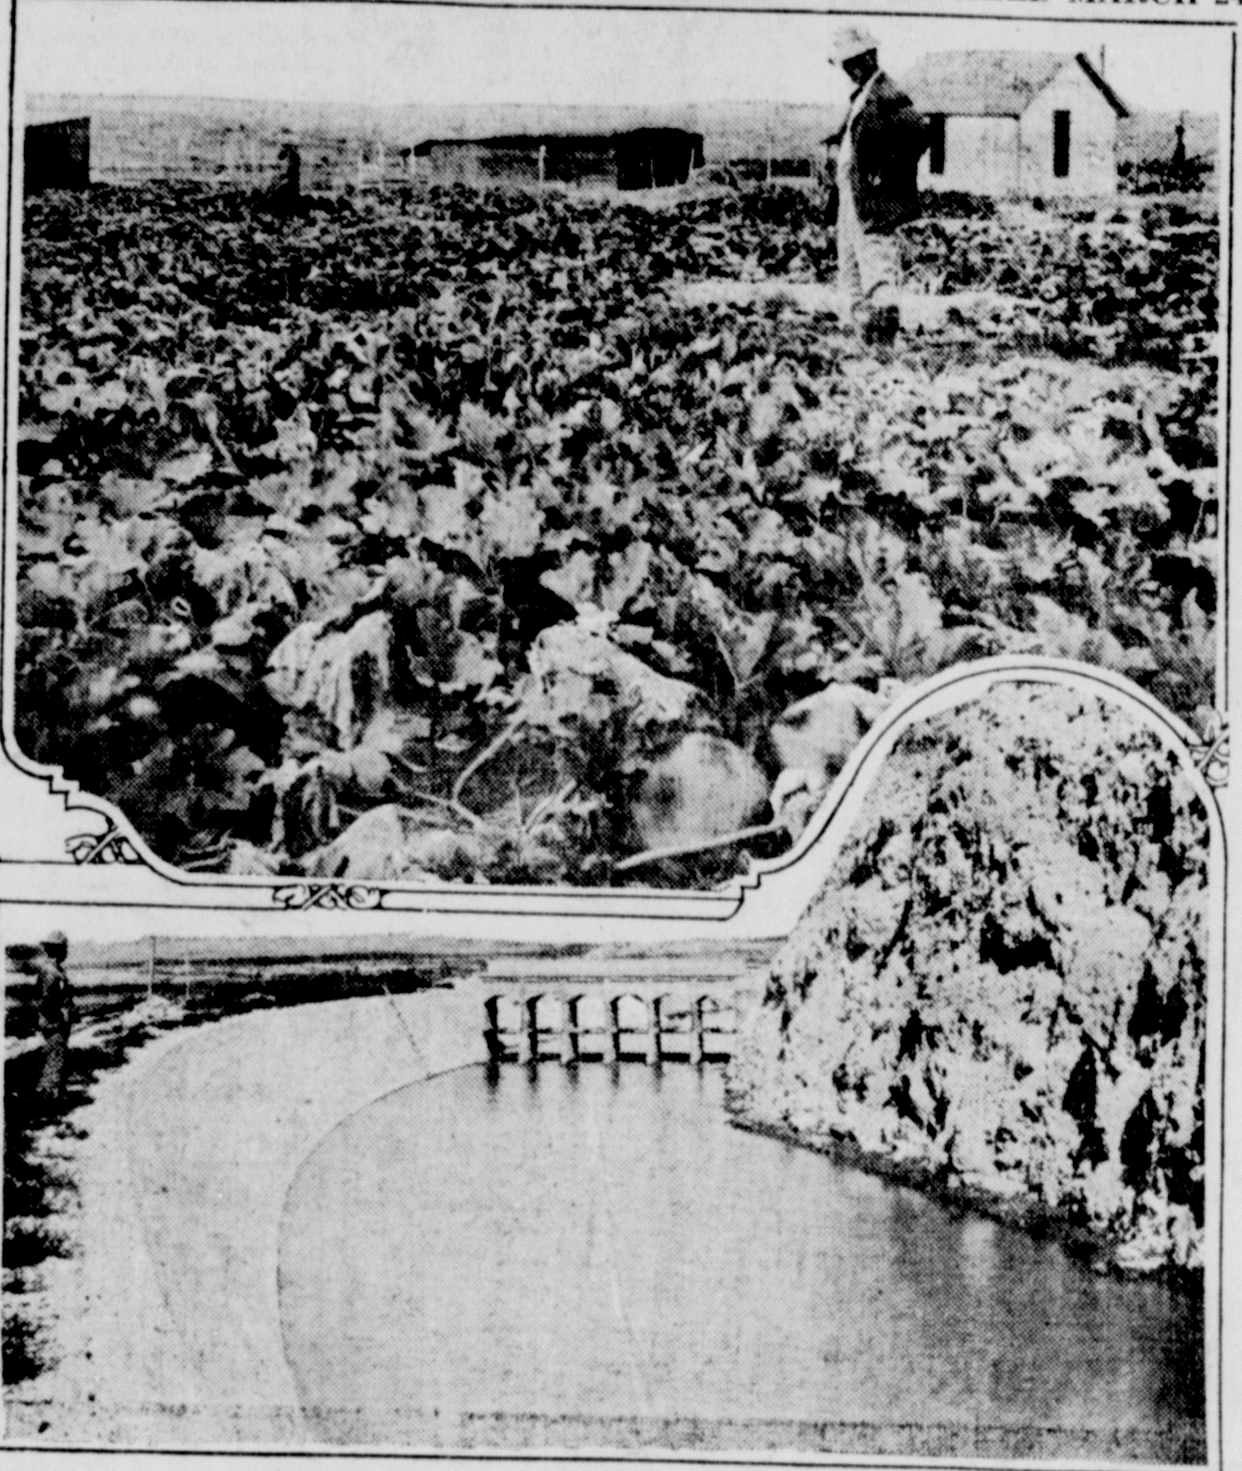

A Copenhagen dispatch indicates that authorities at Kiel are fearful of an allied air raid there. The populace has been notified that a steamer siren will give advance notice of a raid and that in case raiders come the people should not unduly expose themselves.

The semi-official Overseas News agency of Berlin says there are now 1,429,171 prisoners of war in Germany. This number it is declared does not include prisoners the Germans left in Austria-Hungary.

A London newspaper is authority for the statement that Earl Kitchener, British secretary for war, probably will leave the war office and undertake work of a more important character elsewhere. If Earl Kitchener should leave, the newspaper adds, Sir William Robertson, chief of staff, will actively direct the war and a civilian will become secretary for war.

For the second time during the war Prince Oscar of Prussia, fifth son of Emperor William, has been wounded.

UNCLE SAM'S NEXT GREAT LAND LOTTERY TO BE HELD MARCH 24

ARMY OF MILLION WITHIN FEW YEARS

DR. GORGAS MAKES PREDICTION
AND DECLARES MORE SUR-
GEONS NEEDED.

Statement Made in Address at Con-
gress on Medical Edu-
cation.

By the Associated Press.

Chicago, Feb. 7.—The United States in a few years will have an army of 1,000,000 men ready to take the field and to meet the requirements of this vast body of men at least ten thousand surgeons will be required, asserted Dr. W. C. Gorgas, surgeon general of the United States, before the annual congress on medical education here today.

Dr. Gorgas was urging the adoption of a proposal offered earlier in the day for a national conference of medical examiners composed of representatives of state medical examining boards, which would prepare examination questions for state boards throughout the country. Candidates who passed this examination would be eligible for the United States medical reserve corps and would not have to pass any other examinations for licenses to practice.

Should the plan be adopted, Dr. Gorgas said, it would place the United States in a state of preparedness from a medical standpoint unexcelled by any nation; each surgeon would be instructed in field duties, camp sanitation and the proper foods to be given out in various climates. At a moment's notice he would be ready to take his place in the field, perform his duties without instruction. This form of preparedness, asserted Dr. Gorgas, is just as essential as military preparedness.

The entire session of the congress today was devoted to a discussion of the proposal, but no change in its original form was suggested.

The congress will close tomorrow with a joint meeting of the Association of American Medical Colleges and the Federation of State Medical Boards.

Scantly Clad, 2500 Refugees Marooned Near Arkansas Town

By the Associated Press.

Pine Bluff, Ark., Feb. 7.—A telegram received here tonight from J. C. Cross, a plantation owner, reported 2,500 scantily clad refugees marooned near Pendleton with only a meager food supply.

Lake Village reported several hundred homeless persons camped on the narrow strip that remains of the Lake Chicot embankment in urgent need of assistance. An appeal was telegraphed to Washington today. At McGhee 500 refugees were being cared for.

Reports that McGhee was inundated were denied in dispatches from that town today. The railroad tracks at McGhee junction were said to be under water and several houses flooded but destroyed, but no one was injured. The loss was trivial. The cause was unknown.

BANK CLEARINGS.

Clearings of Waco banks for yesterday's business totaled \$465,615.51, according to figures compiled for the Morning News by C. M. Vivrett, secretary-manager of the Waco Clearing House association. Clearings for yesterday a week ago were \$468,267.12, and \$425,446.41 for the corresponding Monday of last year.

An Explosion Wrecks Building.

By the Associated Press.

Emporium, Pa., Feb. 7.—An air tank
at the plant of the Aetna Explosive
company here exploded today. A small
building in which it was located was
destroyed, but no one was injured.
The loss was trivial. The cause was
unknown.

PACKER SAYS DEMAND FOR CATTLE LIGHT

J. OGDEN ARMOUR DENIES COM-
BINE IN STATEMENT AT SAN
ANTONIO.

Europe Buying Beef from South Amer-
ica, Not United States, Is
Claimed.

By the Associated Press.

San Antonio, Tex., Feb. 7.—Replying to the charges of the cattle raisers of the southwest that the packing houses are driving them out of business, J. Ogden Armour, president of Armour & Co. of Chicago, who is here today, said that the low price being paid for cattle is not due to any combine or agreement of the packing houses.

"The low price of beef cattle is due solely to the light demand," said Mr. Armour.

"It is not because of any understanding or even individual action on the part of the packing houses nor has the war got anything to do with the low price being paid for beef. Packers want good beef and are willing to pay the price for the best in the market. Europe is not buying beef from the United States. Orders are being filled from South American markets because beef can be purchased more cheaply from the United States than from Europe. Very little beef is being shipped from this country to Europe. On the other hand beef is being shipped from South America."

Allied Cruisers Lie in Wait for Prizes of German Raider

By the Associated Press.

New Port, Va., Feb. 7.—British ship-
masters arriving here today reported that two allied cruisers—one British and the other French—are patrolling the coast off the Virginia capes. Since there is no probability that the German prize Appam will put to sea in the near future, marine men take the presence of the warships to mean that the allied governments expect other prizes captured by the mysterious German raider to be brought to Hampton Roads.

Collector Hamilton said tonight he had received no word from Washington concerning the status of either the Appam or of the thirteen Germans formerly civil prisoners of England who requested that they be allowed to land from the Appam.

The Appam today was allowed to load two hundred tons of coal for port use.

Charged With Murder Prisoner Hangs Self by Improvised Rope

By the Associated Press.

Tulsa, Okla., Feb. 7.—Thomas Mur-
phy, charged with the murder of D. M. Cooley, former jailer, whom he killed in a jail-break several months ago, tonight hanged himself in the county jail. He used an improvised rope made out of strips of a quilt.

TWO MEASURES FOR DEFENSE PASS THE HOUSE UNANIMOUSLY

NUMBER OF MIDDIES INCREASED 300 FOR INCOMING CLASS

HOUSE AUTHORIZES USE OF \$600,000 TO EQUIP NAVY YARDS

SPEAKER CLARK AND REPUB-
LICAN LEADER MANN FIGHT SIDE
BY SIDE AND PARTY LINES OB-
LITERATED—CANNON STANDS
READY TO HELP.

MONEY TO BE USED IN GETTING
THINGS READY TO BUILD TWO
NEW DREADNOUGHTS, WHICH
ARE TO BE THE GREATEST
SHIPS IN THEIR CLASS.

By the Associated Press.

Washington, Feb. 7.—The house today authorized immediate use of \$500,000 to equip Mare Island navy yard to begin building a dreadnought or battle cruiser, the first to be constructed on the Pacific coast in a government yard. The senate has not yet acted.

The expenditure of \$100,000 to enlarge the facilities of the New York yard also was authorized.

The resolution would transfer \$600,000 of the money already appropriated for dreadnoughts numbers forty-three and forty-four for the extension work at the yards. Its passage was especially asked by Secretary Daniels, who pointed out the limited capacity of American ship building yards for constructing dreadnoughts and said that if the naval increases contemplated in the administration's preparedness program were to be carried out, it would be necessary to increase the capacity of government yards.

The government yards had a million dollars under private proposals for dreadnoughts numbers forty-three and forty-four.

The equipment of Mare Island will give the government two major construction yards. The other is in New York and the navy department plans soon to add Puget Sound, Norfolk and Philadelphia yards to the list, making a total of five battleship yards.

Battleship number forty-three will be laid down at the New York yard next September, as soon as the present California is off the ways there, and number forty-four will be laid down at Mare Island probably about the same time.

Although they were authorized nearly a year ago, the plans of the two ships were delayed. The ships were conducted by navy experts to work out a device for defense against submarines. Navy officers believe that it will be impossible to sink either ship with one torpedo.

These will be the greatest ships of their class.

Atlantic Fleet Fully Manned.

By the Associated Press.

Washington, Feb. 7.—When Rear Admiral Blue, chief of the bureau of navigation, told the house naval committee today that the Atlantic fleet went south for winter drills with an excess of nearly 200 men in its enlisted personnel, Representative Fletcher produced a radiogram from Admiral Fletcher stating that the fifteen battleships were short nearly 900 men. The message said the ships lacked 510 coal passers, sixty-seven machinists' mates, forty-eight mates, thirty-two boatswains' mates, sixty-two electricians, sixty yeomen and forty-four ship's cooks.

"The message says nothing of the excess of men in other ratings, however," replied Admiral Blue, reiterating his statement that the fleet had shorted 150 men in excess of its total allowed enlisted complement when it started.

Admiral Fletcher has said the fleet was short 5,000 enlisted men last year, while Admiral Blue has placed the shortage at 1,500. Admiral Blue said fleet officers had asked for 1,151 men for the South Carolina and Michigan. That number on either side he thought would be in the way.

"Have you ever commanded a battleship?" demanded Representative Britton.

"No," said Admiral Blue, "but I have been executive officer of an armored cruiser and the executive officer deals directly with the assignment and employment of the men."

Tents and Cots for U. C. V. Reunion.

By the Associated Press.

Washington, Feb. 7.—A resolution to authorize the war department to loan one thousand tents and cots for the United Confederate Veterans' campment at Birmingham next May 30-31, passed by the house today. The resolution already has passed the senate.

Colombian Treaty May Not Be Passed With Amendments

By the Associated Press.

Washington, Feb. 7.—Approval has not been given by President Wilson and democrats of the senate are by no means unanimously in favor of amendments to the Colombian treaty reported last week by the senate foreign relations committee. It developed today that a strong effort probably will be made in the senate to defeat the changes which would reduce the proposed indemnity to Colombia for the partition of Panama from twenty-five million dollars to \$15,000,000 and the repression of regret that anything should have marred the relations between the two countries so as to make it mutual instead of on the part of the United States alone.

Minister Betancourt of Colombia called on Secretary Lansing during the day and was assured that the president had not given his approval to either of the amendments. Later it became known that many of the democrats of the foreign relations committee opposed the changes.

A republican, Senator Smith of Michigan, by changing his vote on

a tie in the committee carried the amendment reducing the indemnity by ten million dollars.

"I voted against the amendment first," said Senator Smith today, "because I am opposed to the treaty. I am opposed to the United States paying one dollar to Colombia. But when I saw how close the committee stood on the issue, I concluded that \$15,000,000 was \$10,000,000 less than \$25,000,000, and I changed my vote. Now I am glad of it because I see it has started a row."

Senator Stone, chairman of the committee, would not discuss the division of opinion among democrats. He stated, however, that he had talked to the president about amendments.

Tomorrow Senator Stone plans to call up the Nicaraguan treaty, an option of the Nicaragua canal route and naval base on the Pacific coast. This precedes the executive calendar, but it is disposed of.

DON'T LOSE HOPE IN KIDNEY TROUBLE

I was troubled with what the doctor said was kidney and bladder trouble and after trying several doctors, gave up all hopes of ever being well again, until a friend of mine told me of Dr. Kilmer's Swamp-Root. Before I had finished the first bottle I got relief, and after taking six bottles was completely restored to health. I say to one and all that Swamp-Root is a wonderful medicine.

Very truly yours,
MRS. MARTIE VANDERBECK,
409 Johnson St., Moberly, Mo.

Personally appeared before me this 4th day of February, 1916, Mrs. Martie Vanderbeck, who subscribed the above statement and made oath that the same is true in substance and in fact.

O. RULICK O'BRIEN,
Notary Public.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do for You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Waco Morning News. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Mass Meeting Asks Impeachment Judge of Tennessee Court

By the Associated Press.

Memphis, Tenn., Feb. 7.—At a mass meeting of lawyers here today resolutions were adopted calling upon the governor to convene a special session of the legislature for the impeachment of Judge Edgington, judge of the first criminal court of Shelby county, on charges of accepting bribes in connection with bribery cases in his court. An investigation of the official conduct of J. W. Palmer, judge of the second criminal court, and Newton Estes, attorney general, by a committee of lawyers, also was provided for. Judge Edgington will be asked to recuse himself pending a hearing. Judge Palmer, who has denied published charges of bribery, was present at the meeting. At its conclusion he said:

"I will not make public what steps I will take until the committee calls on me Tuesday and asks me to resign. I will welcome the day when a full investigation of the charges against me can be had."

Judge Palmer and Attorney General Estes also have denied charges of misconduct in their offices and say they court a full investigation.

Piles and Fistula Cured

No knife or acid injections; 400 patients referred to in Waco and Central Texas, treated last 25 years.
See Lon Wortham, county treasurer, Lee Young, Dr. H. B. H. B. and J. L. Mistrot, L. A. Dupre, Carl Chippen, S. H. Smith (Dallas St.), and F. M. Tubb—all Waco.

Sixteen Flood Victims Found.

By the Associated Press.
Little Rock, Ark., Feb. 7.—The body of the sixteenth victim of the present flood in Arkansas was discovered yesterday. His name is not known, but he was recently taken to that section from Kentucky. He died in a motor boat rescue party from the White river flood last Wednesday.

His fate was not known definitely until today.

Also it is believed Charles Mason, farmer of Trippe, near Arkansas City, drowned yesterday. His home was washed away by the flood and no trace of him has been found.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercises, spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Work yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, helps digestion and is designed to consume the excessive fatty tissues of the body. The oxygen-carrying power of the blood, the oxygen-few days treatment should show a noticeable reduction in weight, footpads become lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial. There is nothing better. Morrison's Old Corner Drug Store can supply you.

OPERATORS AND MINERS CONFER ON INCREASES

SWEEPING RAISES ASKED IN ALL
SIZES TO AFFECT ALL CENTRAL TERRITORY.

Mine Owners Declare No Agreement
Possible on Basis of Demands.
Others Get Raises.

By the Associated Press.

Mobile, Ala., Feb. 7.—Operators from the central competitive bituminous coal fields and representatives of the organized mine workers in that territory will begin a joint conference here tomorrow in an endeavor to arrange an interstate wage agreement to take the place of the four separate scales that expire March 31. Illinois, Indiana, Ohio and western Pennsylvania soft coal fields will be represented in the conference and the result reached in this meeting will form to a large extent the basis on which wage scales will be arranged in all other organized bituminous districts in the United States.

Among other demands which the miners will ask the operators to write into a new agreement are a ten per cent increase on tonnage, ten per cent increase on day work and yardage, twenty per cent increase for all men paid by the day, an eight hour day from bank to bank and a two-year agreement.

The representatives of the miners expressed the belief tonight that they will be able to reach a quick agreement, but this optimism is not shared by the operators who, it is said, will not negotiate a wage scale, interstate or otherwise, on the basis of the present demands of the mine workers.

Ten Per Cent Boost to Employees.

By the Associated Press.

New York, Feb. 7.—Differences between the Ladies' Waist and Dress Manufacturers' association, which some time ago threatened a strike of about 15,000 employees, were virtually settled today by a board of arbitration which made an award revising a previous protocol and allowing employees a ten per cent increase in wages.

Five Per Cent Increase for Steel Workers.

By the Associated Press.

Lebanon, Pa., Feb. 7.—Announcement of a five per cent increase in wages for its 1000 employees was made today by the American Iron & Steel Manufacturing company. The advance will become effective February 14.

Tanners Get Extra 15c.

By the Associated Press.

Kane, Pa., Feb. 7.—The Elk Tanning company, which operates twenty tanneries in this section, announced today that an increase in wages amounting to fifteen cents a day had been granted its employees. Three thousand are affected.

Bill Would Give Clear Titles to Louisiana Settlers

By the Associated Press.

Washington, Feb. 7.—Clear title to land within the limits of the New Orleans, Baton Rouge & Vicksburg railroad in Louisiana will be given to hundreds of settlers under the Aswell bill, favorably reported to the house today by the public lands committee.

The railroad, which was never built, was granted rights to land which were subsequently assigned to the Texas Pacific railroad, now operating through the section, and the fight has been between settlers and the railroad and other interests claiming title. The original title excepted all lands within its limits that were "occupied by actual settlers" and is charged that the railroad in taking the grant disregarded the exception.

A representative Aswell said tonight that there are 350 actual claimants and that land affected aggregates more than half a million acres. He added that he would press his bill for passage.

Citizens' Training Camp in Texas This Year, Says Funston

By the Associated Press.

San Antonio, Feb. 7.—General Frederick Funston, commander of the southern department, officially announced tonight that he would establish a training camp in the southwest this spring or summer. He objects to its being called a business man's camp, because he says he wants the best material in all walks of life, regardless of professions. The camp will be either at Fort Sam Houston in this city or at Leon Springs, twenty-three miles from here, where is located the military reservation of 17,000 acres.

There must be at least 400 candidates for the military training to conduct the camp for one month. General Funston expects applications far in excess of this number, as the territory embraces Texas, Oklahoma, New Mexico and Arizona. Aside from transportation it will cost each man about \$19.25 for the month, which includes rations and equipment. General Funston says applications for the camp must be made through the mayors of the cities and county officials in the country precincts.

The department commandant warns prospective applicants that it will not be a picnic, but that the civilians will be given practical instruction in drill, foot movements, manual of arms, first aid, signaling and preparation of food for the individual, in addition to lectures.

Flood Prevention Dam on Colorado.

By the Associated Press.

Yuma, Ariz., Feb. 7.—Plans for the construction of a large dam on the Colorado river to prevent floods are under consideration by officials of the United States reclamation service, it became known here today.

LATEST LUSITANIA NOTE CO-SIDERE BY CABINET

DECISION AS TO WHETHER GERMAN
OFFER IS SATISFACTORY
EXPECTED SOON.

American Position Unchanged, Declare
State Department Officials—Ger-
many Has Done All Possible.

By the Associated Press.

Washington, Feb. 7.—President Wilson will take up with his cabinet tomorrow his latest communication which Germany has just brought to the negotiations over the Lusitania disaster to a satisfactory arrangement. Official indication or announcement as to whether the offer of the Berlin government is satisfactory is expected soon thereafter.

The president did not request Secretary Lansing to come to the white house for the conference today and the conference, which had been planned did not materialize. The secretary expects to discuss the latest proposal with the president tomorrow and it is believed in diplomatic circles that Count Von Bernstorff, the German ambassador, may be notified of the decision of the United States some time in the afternoon.

High officials are known to believe that the expression of optimism regarding the outcome of the negotiations has been heard in certain official and diplomatic circles are not without foundation. The German view is reported here by a committee declared after conferring with administration officials that he believed the case was "practically settled."

It was authoritatively said at the state department today in regard to the Lusitania case was identical with the position taken at the time the last note was dispatched to Germany. Secretary Lansing flatly denied the truth of a statement attributed to a press dispatches to Dr. Alfred Zimmermann, German under-secretary of foreign affairs, to the effect that "new demands" had been made in the case at a time when the German government considered the negotiations virtually were at an end.

The German view as reported here, that the agreement now goes as far as the officials consider possible toward meeting the views of the United States.

Belligerents Exchange Interrogations.

By the Associated Press.

Berlin, Feb. 7.—(City Wireless to Sayville.)—Dr. Karl Helfferich, secretary of the German imperial treasury, today replied, according to Overseas News Agency, to questions propounded recently to Germany by Sir Edward Holden at the annual meeting of the London City and Midland bank, of which Sir Edward is managing director. In addition to replying to Sir Edward's questions regarding Germany's finances, Dr. Helfferich in turn interrogated Sir Edward with regard to the finances of Great Britain.

To the question whether German assets in foreign countries still exist, Dr. Helfferich said billions of German assets were held by England under receiving and against law and equity. He then asked what conclusion was to be drawn as to English finance from the fact that Great Britain through Sir Edward floated a loan of the United States to strengthen the exchange rate on the English pound.

With regard to the decrease in German exports, Dr. Helfferich explained that Great Britain's exports had shrunk by half and that imports, inclusive of those of the government, had increased to such an extent that the balance of trade against Great Britain was now 500 million pounds sterling instead of 150,000,000 pounds as formerly.

To Sir Edward's question whether Germany's foreign security holdings had not been sold, Dr. Helfferich explained that Great Britain's search of mail on neutral ships for foreign securities "and the discovery of German assets" were occasions which sufficiently edify Sir Edward concerning the actual existence of large German holdings of such securities.

Dr. Helfferich with regard to the charge of inflation of German paper circulation, said the war credit banks, mortgage banks and insurance companies never issued bank notes. He also said that the Reichsbank statements did not mention the amount of gold which was not in the German in which hungry women were shot down by the military were inventions.

As to future taxes in Germany, the secretary said the war was costing two billion per head of the population in Great Britain as against one shilling in Germany.

Navajo Indians in Arizona Threaten to Rise Against Whites

By the Associated Press.

Flagstaff, Ariz., Feb. 7.—The Indians on the Navajo reservation in northern Arizona were threatening to kill all the white inhabitants of Tuba and burn the government buildings there according to William Dupree, superintendent of construction of the Indian school at Tuba, who has arrived here with information concerning the threatened uprising. The few Caucasian families living at Tuba have but a small amount of arms and ammunition with which to defend themselves. Dupree said today. Tuba is on the desert about ninety miles north of here.

No Meat Famine in Russia.

By the Associated Press.

London, Feb. 8.—Commenting on the announcement that the Russian minister of agriculture has ordered two meat fasts weekly in Russia, dispatches received from Petrograd state there is no serious scarcity of food in Russia generally but only at a few isolated points and that is due largely to faulty transportation.

Children May Die
Account of Mother's
Cruel Punishment

By the Associated Press.

Bristow, Okla., Feb. 7.—Charged with forcing their two children to work until their feet were so badly frozen that amputation was necessary, J. A. Clark and wife were placed in jail here today. It is alleged that three children, aged 6 and 7 years, were locked them in a wood house on their farm, twelve miles from this city, and kept them there several hours. Medical attention was refused the children until last Saturday, it is charged, and a physician then amputated their feet in an effort to save their lives.

Physicians here tonight said the children had little chance of recovery. The Clarks are negroes.

Big Gun Sites in Canal Zone Ceded to United States

By the Associated Press.

Washington, Feb. 7.—Big gun sites wanted by the United States at the approaches to the Panama canal probably will be ceded to this country by Panama. The willingness of Panama to grant the desired sites, which are essential in carrying out the plan of Governor Goethals to extend the canal fortifications, is indicated in negotiations now pending between the state department and the Panama legation.

"Playing Indian" Fatal to Babe.

By the Associated Press.

New Orleans, Feb. 7.—While "playing Indian" today, Erwin Bugby, seven years old, shot and killed his sister, Juanita, aged three, at their home here. The boy found a pistol under a pillow in the bedroom and in playing pointed it at his sister. The bullet penetrated the child's abdomen, inflicting a fatal wound.

One Dead in Illinois Fire.

By the Associated Press.

Chicago, Feb. 7.—One woman was burned to death and five other persons—four men and one woman—were injured by jumping from second-story windows of a burning building at Burnham, Ill., near the Indiana state line, today.

The burned building was a saloon with rooms above. The dead woman was Miss Rose Staley, 29 years old, of Chicago Heights.

PROMINENT IOWA STATESMAN DIES

COL. W. P. HEPBURN, IN CONGRESS TWENTY YEARS, PASSES AWAY.

Author of Law Bearing His Name Concerning Control of Common Carriers.

By the Associated Press. Clarinda, Iowa, Feb. 7.—Colonel William Peters Hepburn, former member of congress from this district, died here today after a long illness, being 82 years old.

Colonel Hepburn, although twenty years in congress, became best known throughout the country during the Roosevelt administration. It was he who framed what later was called the Hepburn law, prohibiting rebates and discrimination by railroads. As chairman of the house committee on interstate and foreign commerce in the first session of the Fifty-ninth congress,

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2½ ounces Pinex (50 cents worth) and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2½ ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

he was the author of three acts out of five, which the then President Roosevelt afterward declared would cause that congress to be memorable in history because of its constructive legislation. Of the five acts, four came from Colonel Hepburn's committee and three of them—the Hepburn law, the pure food act and the public health act—were framed by Colonel Hepburn himself.

Mr. Hepburn represented the Eighth Iowa district. He also was an efficient soldier and a lawyer of high reputation. He was a product of the early pioneer days in Iowa and got what little schooling he had in three winters at an academy near Iowa City. He was born in Columbiana county, Ohio, November 4, 1833, removing to Iowa City where his mother and his step-father took up their residence on a farm, when he was eight years of age. After a brief experience in the schools the community afforded he got employment in a printing office, where he worked for four years. Later he read law at Iowa City and Chicago, being admitted to the Illinois bar in 1854. He returned to Iowa in 1855, married Miss Melvina A. Morseman of Iowa City, and settled at Marshalltown.

When the civil war broke out Colonel Hepburn organized a company and became its captain. This company went to the front in February, 1862, as a part of the Second Iowa cavalry. He was soon advanced to the rank of major and in that position earned distinction at the battle of Corinth. Not long afterwards he was placed on the staff of General Sheridan, and in December of the same year became a lieutenant colonel and was in command of the Second brigade, cavalry division, Sixteenth army corps. He was later transferred to other commands and served until the close of the war.

In 1876 Colonel Hepburn moved to Clarinda, Ia., which had since been his home, except for a part of the time when he had resided in Washington, D. C. He was elected to congress in 1880 and twice successively thereafter. During the Harrison administration he was solicitor of the treasury department, which position he resigned March 4, 1893, to again enter congress for his old district. He was an unsuccessful candidate for United States senator in 1888.

Colonel Hepburn had thirteen times the nominee of his party in the Eighth Iowa district, his first contest in 1880 being the most remarkable. The convention was held at Council Bluffs and Congressman Sapp had received fifty-four votes—three less than the forty—without diminution 384 times. After a three days' session the convention took a recess of four days. Its second session covered two days and Colonel Hepburn was nominated on the 355 ballot, receiving fifty-nine votes. His twelve subsequent nominations were practically unanimous. Two of them were by acclamation. During his career in congress, which ended March 4, 1909, Colonel Hepburn supported every measure that became law looking to the control of common carriers. Many of these bills were introduced by him.

Villa's Brother Arrested in Havana Instance of Consul

By the Associated Press.

Havana, Feb. 7.—Col. Hipolito Villa, brother of Gen. Francisco Villa, was arrested today at the request of Wm. E. Gonzales, the American minister to Cuba. Villa is charged with damaging the railroad near El Paso. He was placed in jail to await extradition proceedings.

Col. Hipolito Villa fled to the United States last December 20. He was arrested at San Antonio on a charge of bringing stolen property into Texas. He was released from custody under \$25,000 bond on Christmas day last and sailed for Havana on January 15.

In the jail tonight Villa denied having any connection with the destruction of the railroad. He said he believed that his arrest was due to the belief of the American government that with him as a hostage his brother Francisco, would cease killing Americans.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

IF PEEVISH, FEVERISH AND SICK, GIVE "CALIFORNIA SYRUP OF FIGS."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

He added, however, that this was a mistake, as Francisco did not care whether he was dead or alive.

COURT REFLECTS GOOD TIMES.

Fewer Juvenile Offenders When Industrial Conditions Improve.

The improved industrial situation, a report of Cleveland's juvenile court says, caused a decline in the number of cases brought to the attention of juvenile court Judge George S. Adams during the year. The number heard in 1915 was 3129, against 3509 for 1914. The report says: "The boys set the pace for wrongdoing. We find that poor environment is the chief contributing cause, homes where is dissension, drink and hate. Other boys are products where the father puts a premium upon his business and social obligations, forgetting the fact until too late that his most sacred duty is to be a companion to his own boy."—Cleveland Plain Dealer.

This is the Stove Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is that you use our Black Silk Stove Polish on your parlor stove or your gas range. If you do, you'll find it the best stove polish you ever used. Your dealer is authorized to send you money. Limit on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on brass, porcelain, stone, etc.—Prevents rusting.

Use Black Silk Metal Polish for silver, nickel, etc. It does not equal for tarnish removing.

Dr. Katherine Blackford, noted scientist, has discovered that the best people are the blond-brunettes. The extreme blonds have glaring faults; so have the extreme brunettes. She is herself a blond-brunette.

NUMBER OF MIDDIES INCREASED 300 FOR INCOMING CLASS

CONTINUED FROM PAGE ONE.

members rushed to the floor from their offices and committee rooms.

Mr. Clark urged haste in getting new battleships into commission. He asked Chairman Padgett of the naval committee why it would not be a good plan to pattern the two battleships numbers forty-three and forty-four after the best United States ship afloat and get them completed quickly. "Simply because," Mr. Padgett said, "the chief of the bureau of construction told us that he had plans already worked out that would make decided improvements against torpedo attack."

"Why do they not put those plans into operation?" the speaker continued.

"They will," said Mr. Padgett, "as soon as they get authority provided in this resolution."

"We shall all die of old age before they are completed at this rate," the speaker responded.

Three Ships Almost Done.

Representative Padgett told the house that three ships, the Oklahoma, Nevada and Pennsylvania, regarded as the three best in the world at the time they were designed and laid down, would be completed and put in commission during this year, two of them in the early summer, one in the autumn.

"If any emergency should arise," he added, "a resolution of congress carrying the necessary appropriation could provide for extra ships."

Representative Cannon of Illinois created a stir by asking if the talk of preparedness was a sham performance for campaign purposes. Later,

RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"PAPE'S DIAPEPSIN" ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs; its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas, causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

he said he did not intend the remark as a criticism of the president.

"The gentleman was trying to put in a nice way a very nice criticism of the president, but he did not get away with it," Representative Fitzgerald of New York said.

"The president of the United States," answered Mr. Cannon, "is my president as well as your president, and if I can find out what is the proper thing to do, if it is necessary to do anything, I stand ready to help him do it."

"If we ever have another war, which I do not believe we will have if we attend to our own business," Speaker Clark said while advocating the naval academy bill, "what we will need more than anything else will be officers. You can get all the volunteers you want in thirty days."

Education Is Needed.

"If the fact could be ascertained I have no doubt that at least 25,000 men, the very flower of the country, died the first year of the civil war, not by bullets, but by disease, which was absolutely unnecessary, because, while the officers were good men in a general way, they did not know anything about sanitation or how to take care of themselves or show the

Neuralgia?

"First Aid at Home."

Neuralgia Pain is most agonizing yet you can stop it instantly by applying Sloan's Liniment. Think of Sloan's Liniment whenever you have a pain of any kind. It is a fine Pain Killer. No need to rub it in—just lay it on and the pain flies away at once.

men how to take care of themselves. "Even though we never have another war, the money spent on educating these cadets at West Point and Annapolis is not thrown away. Within a limited curriculum they get as fine an education as any set of men on the face of the earth. In doubling the number of these cadets appointed by the president, by the senators and the representatives, many boys in the colleges or university that will furnish a minimum of 200 boys who will volunteer to die."

Representative Kelley of Michigan and Representative Britten of Illinois, republicans, criticized Secretary Daniels' administration of the navy.

Many Fight Rublee's Confirmation.

By the Associated Press. Washington, Feb. 7.—Renewal of the fight against George Rublee of Cornish, N. H., now serving on the federal trade commission as a recess appointee was forecast today when Senator Gallinger, during an executive session of the senate, demanded a committee on the appointment. Senator Gallinger, who led the opposition during the last session of congress, has declared that Mr. Rublee is personally obnoxious to him.

Mr. Rublee was nominated a year ago and when congress adjourned a month later without confirming him, he was given the recess appointment by President Wilson. The appointment was referred to the sub-committee of the interstate commerce commission and Senator Robinson of Arkansas was made chairman. It is expected a report from the sub-committee will be made within a few days.

Democratic senators suggested today that the action of the republicans in renewing opposition to Rublee, just indicated a purpose of coupling a fight against him with efforts to block the confirmation of Louis D. Brandeis' nomination to the supreme court.

Mr. Rublee, formerly counsel for the Alaskan engineering commission, was consulted frequently by members of congress when the trade commission bill was being framed.

Sheppard Amendment Considered.

By the Associated Press. Washington, Feb. 7.—Senator Sheppard's new prohibition constitutional amendment was considered several hours today in executive session of the senate judiciary committee, but no conclusion was reached.

An amendment was proposed by Senator Dillingham to provide that whiskey should not be shipped beyond the confines of any state which permits manufacture.

Flood Committee Approved.

By the Associated Press. Washington, Feb. 7.—House democrats in a caucus today approved selections made by party leaders for democratic members of the new flood control committee, including Representative Humphreys of Mississippi as chairman. Minority Leader Mann announced that Representative Rodenburg of Illinois had been chosen as ranking republican member. Mr. Humphreys said the committee might leave within a few days to inspect the entire flood district from Cairo to New Orleans.

By the Associated Press.

Praeger's Appointment Confirmed. Washington, Feb. 7.—The senate today confirmed the appointment of Otto Praeger of Texas to be second assistant postmaster general and Merritt O. Chance of this city to be postmaster of Washington, D. C. Contests were threatened in both cases, but did not develop materially.

Old Crimp is here. Phone us to repair your leaks. Flood Plumbing Co. Phones 306.—Adv.

Stone Blown from Gas Well Strikes Down Corpus Christi Man

By the Associated Press.

Corpus Christi, Feb. 7.—W. J. Doyle, city ticket agent here for the St. Louis & San Francisco railroad, is unconscious tonight as the result of having been struck by a large stone hurled from a natural gas well eight miles north of Corpus Christi today. Doyle, with several others was standing several hundred feet from the gas well, which was afire. The fire in the crater died down appreciably for a moment, then suddenly spewed rocks high in the air, one of which in falling struck Doyle on the head.

Physicians tonight said they were hopeful that Doyle's injury would not prove serious.

Oklahoma Bank Robbers Punished in Arkansas

By the Associated Press.

Arkadelphia, Ark., Feb. 7.—W. D. Cooper, who when arrested was employed on a ranch near Antlers, Okla., today was convicted in circuit court of aiding in the daylight robbery of a bank at Amity, this county, last August. He was sentenced to five years. His alleged companion, W. T. Smith, half breed Indian, previously pleaded guilty and was sentenced to six years.

Two men held up the bank early in the afternoon. They locked the cashier in the vault and fled with \$1,000. Poses pursued them for a week, following them into Oklahoma. Smith was arrested as he lay asleep by the roadside and Cooper at the home of a friend near Antlers.

Baking Helps

Valuable Suggestions By Mrs. Nevada Briggs, Expert of the Art of Baking, as taught by Mrs. Janet McKenzie Hill

Helpful Cake Making Hints

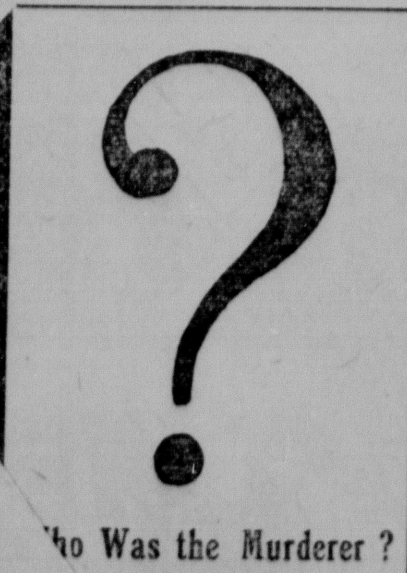

Always sift flour and K C Baking Powder at least three times. The more sifting, the lighter the cake. Remember that! To cream butter and sugar quickly, warm the sugar slightly. Beat yolks of eggs with rotary beater. Whip whites of eggs with flat spoon whip. Water makes lighter cakes; milk makes richer cakes.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K C Baking Powder. Biscuit Helps

Always sift flour and K C Baking Powder at least three times. Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K C Baking Powder to do its work in soft than in stiff dough. Mix biscuits very little. Do not knead. Stir up with spoon or knife and press in shape to roll on floured board.

With K C Baking Powder results are sure and certain. Ask your grocer for K C.

PROMINENT IOWA STATESMAN DIES

COL. W. P. HEPBURN, IN CONGRESS TWENTY YEARS, PASSES AWAY.

Author of Law Bearing His Name Concerning Control of Common Carriers.

By the Associated Press.
Clarinda, Iowa, Feb. 7.—Colonel William Peters Hepburn, former member of congress from this district, died here today after a long illness, being 82 years old.

Colonel Hepburn, although twenty years in congress, became best known throughout the country during the Roosevelt administration. It was he who framed what later was called the Hepburn law, prohibiting rebates and discrimination by railroads. As chairman of the house committee on interstate and foreign commerce in the first session of the Fifty-ninth congress,

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2½ ounces Pinex (50 cents) worth from any drugist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your drugist for "2½ ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

he was the author of three acts out of five, which the then President Roosevelt afterward declared would cause that congress to be memorable in history because of its constructive legislation. Of the five acts, four came from Colonel Hepburn's committee and three of them—the Hepburn law, the pure food act and the public health act—were framed by Colonel Hepburn himself.

Mr. Hepburn represented the Eighth Iowa district. He also was an efficient soldier and a lawyer of high reputation. He was a product of the early pioneer days in Iowa and got what little schooling he had in three winters at an academy near Iowa City. He was born in Columbiana county, Ohio, November 4, 1833, removing to Iowa City where his mother and his step-father took up their residence on a farm, where he was eight years of age. After a brief experience in the schools the community afforded he got employment in a printing office, where he worked for four years. Later he read law at Iowa City and Chicago, being admitted to the Illinois bar in 1854. He returned to Iowa in 1855, married Miss Melvina A. Morseman of Iowa City, and settled at Marshalltown.

When the civil war broke out Colonel Hepburn organized a company and became its captain. This company went to the front in February, 1862, as a part of the Second Iowa cavalry. He was soon advanced to the rank of major and in that position earned distinction at the battle of Corinth. Not long afterwards he was placed on the staff of General Sheridan, and in December of the same year became a lieutenant colonel and was put in command of the Second brigade, cavalry division, Sixteenth army corps. Stone Blown from Gas Well Strikes Down Corpus Christi Man

By the Associated Press.

Corpus Christi, Feb. 7.—W. J. Doyle, city ticket agent here for the St. Louis & San Francisco railroad, is unconscious tonight as the result of having been struck by a large stone hurled from a natural gas well eight miles north of Corpus Christi today. Doyle, with several others was standing several hundred feet from the gas well, which was afire. The fire in the crater died down appreciably for a moment, then suddenly spewed rocks high in the air, one of which in falling struck Doyle on the head. Physicians tonight said they were hopeful that Doyle's injury would not prove serious.

Oklahoma Bank Robbers Punished in Arkansas

By the Associated Press.

Arkadelphia, Ark., Feb. 7.—W. D. Cooper, who when arrested was employed on a ranch near Antlers, Okla., today was convicted in circuit court of aiding in the daylight robbery of a bank at Amity, this county, last August. He was sentenced to five years. His alleged companion, W. T. Smith, half breed Indian, previously pleaded guilty and was sentenced to six years.

Two men held up the bank early in the afternoon. They locked the cashier in the vault and fled with \$1,000. Poses pursued them for a week, following them into Oklahoma. Smith was arrested as he lay asleep by the roadside and Cooper at the home of a friend near Antlers.

Baking Helps

Valuable Suggestions By Mrs. Nevada Briggs, Exponent of the Art of Baking, as taught by Mrs. Janet McKenzie Hill

Helpful Cake Making Hints

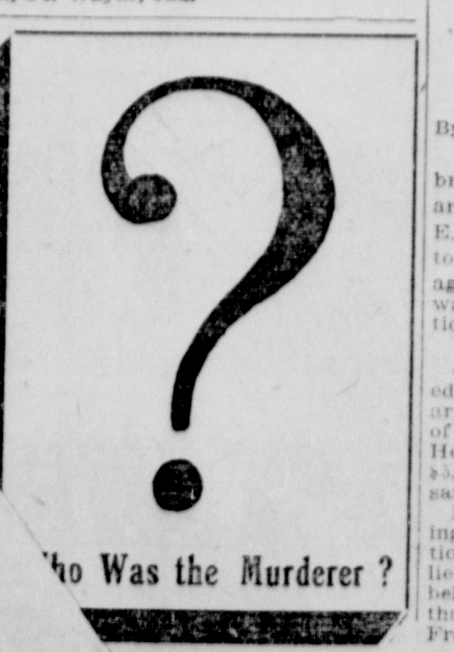

Always sift flour and K C Baking Powder at least three times. The more sifting, the lighter the cake. Remember that! To cream butter and sugar quickly, warm the sugar slightly. Beat yolks of eggs with rotary beater. Whip whites of eggs with flat spoon whip. Water makes lighter cakes; milk makes richer cakes.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K C Baking Powder. Biscuit Helps

Always sift flour and K C Baking Powder at least three times. Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K C Baking Powder to do its work in soft than in stiff dough. Mix biscuits very little. Do not knead. Stir up with spoon or knife and press in shape to roll on floured board.

With K C Baking Powder results are sure and certain. Ask your grocer for K C.

ORGANIZE BROOKS CLUB TONIGHT AT RALEIGH HOTEL
DETECTIVE INJURED IN FIGHT IN SALOON
THREE MEN ARRESTED

Friends and supporters of Dr. P. Brooks in his candidacy for the United States senate will meet at 7 o'clock tonight in the Raleigh hotel to organize a Brooks club in Waco. Those in charge of the meeting state that every effort will be made to complete the business of the meeting in time to allow those attending to also attend the general meeting of the Y. M. B. L. and the Shoemen's banquet.

PERSONAL MENTION.

Pat M. Neff is in Austin on business.
J. T. Stuart of Lancaster was in Waco yesterday.
R. C. Hull of Temple had business here yesterday.
J. W. Fisher of San Antonio was in the city yesterday.
J. W. Williams of Eddy was here yesterday on business.
A. L. Williams of the Temple Telegram was in the city yesterday.
R. J. Moore, prominent business man of Mount Calm, was in the city yesterday.
Dick Harris, manager of the Valley Mills oil mill, was a business visitor to Waco yesterday.
The Messes Davidson, 1017 Jefferson street, have as their guest, Mrs. R. B. Melton of Fort Worth.
R. B. McCollum, cashier of the Citizens' state bank of Valley Mills, was in the city yesterday on business.
J. E. Callahan, traveling engineer of the Cotton Belt, was in the city yesterday from his headquarters at Tyler.
J. F. Lehane of Tyler was in the city yesterday. Mr. Lehane is general freight and passenger agent of the Cotton Belt.
W. R. Pillsbury is in the city from Dallas. Mr. Pillsbury is traveling freight and passenger agent of the Burlington route.
Hon. John D. Robinson of Belton, formerly district judge and present candidate for congress, was in the city yesterday.
El Hirschfeld of Wooten Wells is a passenger this afternoon on the Texas special for New York and points in New Jersey.
Russell Brexington, twenty-third and Ethel, is resting easy after an operation for appendicitis in Providence sanitarium Sunday.
P. Jack Sanger, Mr. and Mrs. Joseph Nussbaum of Mexico, and Dr. L. L. McGlasson have gone to Baltimore, where Mrs. Nussbaum and Mr. Sanger enter Johns Hopkins hospital for medical treatment.

Louisiana Court Says Jitneys Have Right to Exist

By the Associated Press.
New Orleans, Feb. 7.—The state supreme court today granted a rehearing of the suit to test the legality of the New Orleans jitney ordinance, which that court last November held was invalid. The ordinance required an indemnity bond of \$5000 signed by some surety company for each jitney operator.
The court held the city had no power to interfere with the use of public streets by such vehicles and that the bond required was prohibitive and a denial of the jitney operators' rights.

BAYLOR DEFEATS T. C. U. IN CLOSE GAME

BEARS PILE UP SCORE OF 44 TO 27 ON CHRISTIANS WITH LITTLE EFFORT.

Griffith Stars for Locals and Nelson for Visitors—Schulkey Does Good Work.

Baylor defeated T. C. U. last night on the indoor court at the girls' gym by a score of 44 to 27. The game was loosely played and both teams showed lack of team work and pep during the entire game. Baylor held an easy lead all the way except the first few minutes of the second half, when the visitors showed a flash of two of mediocre playing. The rest of the time their work wasn't even mediocre.

Griffith was easily the star of the locals, throwing many goals from difficult angles. Schulkey and Harrell both played consistent ball but had trouble in finding the basket at critical moments. Nelson at guard for the visitors played a good clean game. It was through his excellent guarding that the locals were kept from running up a larger score than they did. The line-up:

Baylor—(C) Forward..... Humphries
Griffith..... Forward..... Cooper
Kellogg..... Center..... Tomlinson
Thompson..... Guard..... Pirkle
Thompson..... Guard..... Pirkle
Scoring—Goals, Baylor, Griffith 8; Schulkey 4, Harrell 3, Kellogg 3, Thompson 3, T. C. U., Cooper 3, Tomlinson 2, Humphries 2, Pirkle 1, Nelson 1, Tuder 1; foul goals, Schulkey 6, Pirkle 7.

Referee—Baylor, Harrell for Griffith; Wilson for Thompson; Byron for Nelson; T. C. U., Douglas for Cooper; Vaughn for Tomlinson; Tuder for Nelson. Umpire, Stotter (Indiana).

Crack Golfers Will Play in Waco and Other Texas Cities

By the Associated Press.
Fort Worth, Feb. 7.—Word was received here this morning that Walter Hagen, former open golf champion, will be unable to accompany Bob McDonald, the famous professional, on his forthcoming tour of Texas. Instead, Jack Hutchison, western open champion, will begin in Fort Worth March 17 and will include Dallas, Waco, Beaumont, Houston and San Antonio.

SANTONE BOY LOSES BOUT.

By the Associated Press.
Memphis, Tenn., Feb. 7.—Jack Torres of Denver, won over Kid Foster of San Antonio, Texas, in the third round of what was to have been an eight-round bout here tonight, the referee stopping the fight to save the game but badly beaten Texas boy from further punishment. Torres floored his opponent repeatedly and when the fight was stopped Foster was making a feeble effort to regain his feet. The men are middleweights.

BURNS AND VOLGAST DRAW.

By the Associated Press.
Kansas City, Feb. 7.—Frankie Burns of Oakland, Cal., and Ad Volgast, former lightweight champion, fought a round no-decision bout here tonight. Advance announcement said the match was to be a decision affair, but Volgast refused to enter the ring if a verdict was to be given. Newspaper men gave the match to Burns on points.

NEW PLUNGE RECORD.

By the Associated Press.
Philadelphia, Feb. 7.—Carl Lehmann, University of Pennsylvania, made a new intercollegiate record in the plunge for distance in the dual swimming meet against the University of Pittsburgh here tonight. He plunged 127 feet, 10 inches further than the mark set by Willie a few years ago. Pennsylvania won the meet by a score of 51 to 20.

GUNNER WINS DERBY.

By the Associated Press.
Hot Wells, Feb. 7.—The open derby of the Texas Flat-Tops club was won by Gunner, owned by Fleischmann & Bedford. Second honors went to Ferris, owned by E. T. Cole of Ferris, and there was a divided third between Lady Wayne, owned by William C. Hagerman of Fort Wayne, Ind., and Fascination, owned by H. M. Woolf of Kansas City, Mo.

GIANTS BUY ROUSCH.

By the Associated Press.
New York, Feb. 7.—The New York Nationals announced today that they had purchased outfielder Edward Rousch from Harry Sinclair of the Federal league. Rousch was one of the leading players with the Newark, N. J., Federals last season.

WILLIAMS AND HERMAN DRAW.

By the Associated Press.
New Orleans, Feb. 7.—Kid Williams of Baltimore, bantamweight champion, and Pete Herman of New Orleans fought 20 rounds to a draw here tonight. The decision was given by William Hickey of Philadelphia, who refereed the fight.

Always Dictates That.

(New York American.)
Despite his illiteracy, Mose Belt, a leading citizen of an Alabama town, has gathered quite a competency from his whitewashing and kalsomining trade.
Recently, during the course of some business with a notary, the latter produced a document, saying: "Sign your name here, Mose."
"Look, heah," said Mose, with offended dignity. "I do not sign mah name, suh. I use a business man, suh, an' has no time for dem trifling details. I always dictates mah name, suh."

The Hotel Raleigh now has an orchestra in the dining room at noons and evenings.—Adv.

Home Teams Lose in Bowling League

Home teams had no luck at all last night in the City bowling league, the Elks taking three straight games from the Y on the Y. M. C. A. alleys and the Maennerchor administering similar treatment to the Knights at K. C. Hall. Some high scores were made, Berlich of the Elks rolling 221 in the second game, making an average of 196 pins. Mann of the Ys also rolled 221 in one game. Other scores over the 200 mark being: Wosning 211, Schwarting 206 and Knight 205.

The scores:

FEDERAL ANTI-TRUST SUIT DISMISSED

By the Associated Press.
Chicago, Feb. 7.—The suit of the Federal league against organized baseball, based on alleged violation of the federal anti-trust laws, was dismissed today in the United States circuit court here by Judge Kenesaw M. Landis, on motion of counsel for the Federal league.

For more than a year the suit with its possible outcome had hung over the baseball world. Its withdrawal was one of the stipulations in the recent peace agreement between the Federal league, new comers in baseball, and the older leagues. No objection to the order of dismissal was advanced by counsel for the Baltimore Federal league club, though that organization had declared its dissatisfaction with the terms of the peace agreement.

The dismissal order was without prejudice to further appeal to the court by any of the interested parties.

After the order was entered Attorney Stuart S. Janney, representing the Baltimore Federals, said that if a satisfactory settlement was not made with that club in the ample opportunity to seek redress in the courts either in a suit for damages or under the provisions of the Clayton act prohibiting restraint of trade. In announcing his decision to allow the motion for withdrawal, Judge Landis said that the closest examination of the motion and arguments had failed to reflect on the honor of the game or upon any individual player.

None of the officials of the Federal or of the other leagues was in court when the order was entered, both sides being represented by counsel, who assured that all parties to the suit had consented to the withdrawal. The intervening petition of the Baltimore club was presented by Attorney Janney, who entered his appearance in the suit before the dismissal order was announced.

National League Plans to Observe Fortieth Birthday

By the Associated Press.
New York, Feb. 7.—Baseball club owners, as well as many patrons of the national game began gathering here today to take part in the celebration of the National league's fortieth birthday, which will be honored with a banquet at the Waldorf Astoria hotel next Wednesday evening. The reconvened annual meeting of the league in conjunction with the regular session for the coming season will be held here tomorrow. On account of the unsatisfactory condition of the Cleveland club, the American league postponed the game scheduled to have taken place here tomorrow, has been postponed for a week and many of the junior organization's club owners may not be on hand for Wednesday's festivities. President Tener and his associates in the National league will welcome two new club presidents at the meeting tomorrow—Percy Houghton, who with his associates bought the Boston Braves, and Charles Weegman of Chicago, who represents the majority of stock in the recently acquired Cubs of that city. Undoubtedly Houghton will be selected to fill the positions on committees which were held by James F. Gaffney, but Weegman will not be requested to accept any new duties in this respect, as C. H. Thomas was not a committee member.

Several important matters which had not been reached at the December meeting of the league before it was interrupted by the peace proposals will be discussed tomorrow. One of these is that the player limit be increased from 25 to 25.

Pitcher Eddie Plank Not a Free Agent

By the Associated Press.
Cincinnati, Feb. 7.—The National Baseball commission today denied the application of Pitcher Eddie Plank to be declared a free agent. Plank based his request on a paragraph in the Players' fraternity agreement which relates to an unconditional release after a player has served ten years on one team and because the Federal league no longer has a claim to his services.

In answer to the second contention the commission says: "His transfer to the St. Louis American league club is a matter for negotiation between him and that club."

Rice 33, Tulane 18.

By the Associated Press.
Houston, Feb. 7.—In the first interstate competition ever played by a basketball team, the Owls defeated Tulane here tonight, 13 to 18. The game was played on a slippery floor.

RHEUMATISM EASILY RELIEVED BY CLEANSING THE BLOOD

S. S. S. Gives Quick Relief By Toning Up the Blood

Yes, but how? A natural question. The answer is that you must cleanse your blood by stimulating it to healthy, vigorous action, so that it will throw off the germs and impurities that cause Rheumatism. The action of the wonderful blood purifier, S. S. S., is to practically renew the life blood, give it vigor, stimulate the flow, making it throw out the germs and the poison impurities. The excruciating pains of Rheumatism, whether it is the shooting, stabbing, cutting,

ORGANIZE BROOKS CLUB TONIGHT AT RALEIGH HOTEL

Friends and supporters of Dr. S. P. Brooks in his candidacy for the United States senate will meet at 7 o'clock tonight in the Raleigh hotel to organize a Brooks club in Waco. Those in charge of the meeting state that every effort will be made to complete the business of the meeting in time to allow those attending to also attend the general meeting of the Y. M. B. L. and the Snomen's banquet.

PERSONAL MENTION.

Pat M. Neff is in Austin on business. J. T. Stuart of Lancaster was in Waco yesterday. R. C. Shull of Temple had business here yesterday. J. W. Fisher of San Antonio was in the city yesterday. J. W. Williams of Eddy was here yesterday on business. A. L. Williams of the Temple Telegram was in the city yesterday. R. J. Moore, prominent business man of Mount Cain, was in the city yesterday. Dick Harris, manager of the Valley Mills off mill, was a business visitor to Waco yesterday. The Misses Davidson, 1617 Jefferson street, have as their guest, Mrs. R. B. Melton of Fort Worth. B. B. McCollum, cashier of the Citizens state bank of Valley Mills, was in the city yesterday on business. J. E. Callahan, traveling engineer of the Cotton Belt, was in the city yesterday from his headquarters at Tyler. J. F. Lehane of Tyler was in the city yesterday. Mr. Lehane is general freight and passenger agent of the Cotton Belt. W. R. Pillsbury is in the city from Dallas. Mr. Pillsbury is traveling freight and passenger agent of the Burlington route. Hon. John D. Robinson of Belton, formerly district judge and present candidate for congress, was in the city yesterday. Eli Hirschfeld of Wooten Wells is a passenger this afternoon on the Texas special for New York and points in New Jersey. Russell Brewington, twenty-third and Ethel, is resting easy after an operation for appendicitis in Providence sanitarium Sunday. F. Jack Sanger, Mr. and Mrs. Joseph Nussbaum of Mexico, and Dr. I. L. McClellan have gone to Baltimore, where Mrs. Nussbaum and Mr. Sanger enter Johns Hopkins hospital for medical treatment.

Louisiana Court Says Jitneys Have Right to Exist

By the Associated Press.

New Orleans, Feb. 7.—The state supreme court today granted a rehearing of the suit to test the legality of the New Orleans jitney ordinance, which that court last November held was invalid. The ordinance required an indemnity bond of \$5000 signed by some surety company for each jitney operator.

The court held the city had no power to interfere with the use of public streets by such vehicles and that the bond required was prohibitive and a denial of the jitney operators' rights.

BAYLOR DEFEATS T. C. U. IN CLOSE GAME

BEARS PILE UP SCORE OF 44 TO 27 ON CHRISTIANS WITH LITTLE EFFORT.

Griffith Stars for Locals and Nelson for Visitors—Schulkey Does Good Work.

Baylor defeated T. C. U. last night on the indoor court at the girls' gym by a score of 44 to 27. The game was loosely played and both teams showed lack of team work and pep during the entire game. Baylor held an easy lead all the way except the first few minutes of the second half, when the visitors showed a flash. Two of the mediocre players. The rest of the time their work wasn't even mediocre.

Griffith was easily the star of the locals, throwing many goals from difficult angles. Schulkey and Harrell both played consistent ball but had trouble in the basket at critical moments. Nelson at guard for the visitors played a good clean game. It was through his excellent guarding that the locals were kept from running up a larger score than they did. The line-up:

Baylor—Position. T. C. U.
Schulkey (C)...Forward..... Humphries
Griffith.....Forward..... Tomlinson
Kellog.....Center..... Cooper
Thinsley.....Guard..... Pirkle
Thompson.....Guard..... Nelson
Scoring—Goals, Baylor: Griffith 5, Schulkey 4, Harrell 3, Kellog 3, Thompson 3, T. C. U., Cooper 3, Tomlinson 2, Humphries 2, Pirkle 1, Nelson 1, Tuder 1; foul goals, Schulkey 6, Pirkle 2.
Substitutes: Baylor, Harrell for Griffith, Wilson for Thinsley, Byron for Wilson; T. C. U., Dugger for Nelson, Vaughn for Tomlinson, Tuder for Nelson.
Umpire, Stotter (Indiana).

Crack Golfers Will Play in Waco and Other Texas Cities

By the Associated Press.
Fort Worth, Feb. 7.—Word was received here this morning that Walter Hagen, former open golf champion, will be unable to accompany Bob McDonald, the famous professional, on his forthcoming tour of Texas. Instead, Jack Hutcheson, western open champion, will play with McDonald. Their tour will begin in Fort Worth March 17 and will include Dallas, Waco, Beaumont, Houston and San Antonio.

SANTONE BOY LOSES BOUT.

By the Associated Press.
Memphis, Tenn., Feb. 7.—Jack Torres of Denver, won over Kid Foster of San Antonio, Texas, in the third round of a bout here tonight, after an eight-round fight to save the game but badly beaten Texas boy from further punishment. Torres, a former champion, was repeatedly and when the fight was over, Foster was making a feeble effort to regain his feet. The men are middleweights.

BURNS AND WOLGAST DRAW.

By the Associated Press.
Kansas City, Feb. 7.—Frankie Burns of Oakland, Cal., and Ad Wolgast, former lightweight champion, fought a ten-round no-decision bout here tonight. Adrenaline announcement said the match was to be a decision affair, but Wolgast refused to enter the ring if a verdict was to be given. Newspaper men gave the match to Burns on points.

NEW PLUNGE RECORD.

By the Associated Press.
Philadelphia, Feb. 7.—Carl Lehmann, University of Pennsylvania, made a new intercollegiate record in the plunge for distance in the dual swimming meet against the University of Pittsburgh here tonight. He plunged 78 feet, six inches further than the mark set by Willie a few years ago. Pennsylvania won the meet by a score of 51 to 20.

GUNNER WINS DERBY.

By the Associated Press.
Hot Wells, Feb. 7.—The open derby of the Texas Field Trials club was won by Gunner, owned by E. T. Cole of Bedford. Second honors went to Feris Manitoba Rap, owned by E. T. Cole of Bedford, and there was a divided third between Lady Wayne, owned by William C. Hagerman of Fort Wayne, Ind., and C. Hagerman, owned by H. M. Woolf of Kansas City, Mo.

GIANTS BUY ROUSCH.

By the Associated Press.
New York, Feb. 7.—The New York Nationals announced today that they had purchased Outfielder Edward Rousch from Harry Sinclair of the Federal league. Rousch was one of the leading players with the Newark, N. J., Federals last season.

WILLIAMS AND HERMAN DRAW.

By the Associated Press.
New Orleans, Feb. 7.—Kid Williams of Baltimore, bantamweight champion, and Pete Herman of New Orleans fought 20 rounds to a draw here tonight. The decision was given by William Rocaup of Philadelphia, who referred the fight.

Always Dictates That.

(New York American.)
Despite his illacy, Mose Belt, a leading citizen of an Alabama town, has gathered quite a competency from his whitewashing and kalsomining trade.

Recently, during the course of some business with a notary, the latter produced a document saying: "Sign your name here, Mose."

"Look here," said Mose, with offended dignity. "I doesn't sign my name, suh. I use a business man, suh, an' has no time for dem trifling details. I always dictates mah name, suh."

FEDERAL ANTI-TRUST SUIT DISMISSED

By the Associated Press.

Chicago, Feb. 7.—The suit of the Federal league against organized baseball, based on alleged violation of the federal anti-trust laws, was dismissed today in the United States circuit court here by Judge Kenneth M. Landis, on motion of counsel for the Federal league.

For more than a year the suit with its possible outcome had hung over the baseball world. Its withdrawal was one of the stipulations in the recent peace agreement between the Federal league, new comers in baseball, and the older leagues. No objection to the order of dismissal was advanced by counsel for the Baltimore Federal league club, though that organization had declared its dissatisfaction with the terms of the peace agreement.

The dismissal order was without prejudice to further appeal to the court by any of the interested parties.

After the order was entered Attorney Stuart S. Janney, representing the Baltimore Federals, said that if a satisfactory settlement was not made with that club it had ample opportunity to seek redress in the courts either by a suit for damages or under the provisions of the Clayton act prohibiting restraint of trade.

In announcing his decision to allow the motion for withdrawal Judge Landis said that the closest examination of the evidence and arguments had failed to reflect on the honor of the game or upon any individual player.

None of the officials of the Federal or of the other leagues was in court when the order was entered, both sides being represented by counsel, who assured the court that all parties to the suit had consented to the withdrawal.

The intervening petition of the Baltimore club was presented by Attorney Janney, who entered his appearance in the suit before the dismissal order was announced.

National League Plans to Observe Fortieth Birthday

New York, Feb. 7.—Baseball club owners, as well as many patrons of the national game began gathering here today to take part in the celebration of the National league's fortieth birthday, which will be honored with a banquet at the Waldorf Astoria hotel next Wednesday evening. The reconvened annual meeting of the league in conjunction with the regular session for the adoption of a playing schedule for the coming season will be held here tomorrow. On account of the unsatisfactory condition of the Cleveland club, the American league schedule meeting, which was to have taken place here tomorrow, has been postponed for a week and many of the junior organization's club owners may not be on hand for Wednesday's festivities. President Tener and his associates in the National league will welcome two new club presidents at the meeting tomorrow—Percy Haughton, who with his associates bought the Boston Braves, and Charles Weeghman of Chicago, who represents the majority of stock in the recently acquired Cubs of Chicago. Undoubtedly Haughton will be selected to fill the positions on committees which Weeghman will not be requested to accept any new duties in this respect, as C. H. Thomas was not a committee member.

Several important matters which had not been reached at the December meeting of the league before it was interrupted by the peace proposals will be discussed tomorrow. One of these is that the player limit be increased from 21 to 25.

Pitcher Eddie Plank Not a Free Agent

By the Associated Press.

Cincinnati, Feb. 7.—The National Baseball commission today denied the application of Pitcher Eddie Plank to be declared a free agent. Plank based his request on a paragraph in the Players' fraternity agreement which relates to an unconditional release after a player has served ten years on one team and because the Federal league no longer has a claim to his services.

The commission ruled that the first contention would not hold because Plank left the Philadelphia Athletics before waivers had been obtained on him and which was contrary to the Players' Fraternity agreement.

In answer to the second contention the commission said: "His transfer to the St. Louis American league club is a matter for negotiation between him and that club."

Take No Chances---

You take many chances when you place the administration of your estate in the hands of an individual. He may prove incompetent; he may be burdened with other duties and not devote sufficient time to your trust; he may be sick or absent when most needed; he may become dishonest; he will surely die, and possibly soon.

In short, he is subject to every human misfortune, and your interests in his charge are accordingly in the same peril.

Avoid these risks by naming in your will as the executor of your estate a corporation like the Bankers Trust Company, which is surrounded by every safeguard, has the best legal advice, and the benefit of the collective ability and experience of its officers and directors, and cannot die.

Permanent Relief for Chronic Constipation

Knowledge and Practice of Correct Daily Habit the Great Essential.

Constipation is a condition affecting all classes of people and can be permanently relieved only by acquiring habits of regularity. The most natural time for the eliminative process is in the morning when both the muscular and nervous systems are relaxed by sleep and rest. When relief does not come readily, it is an excellent plan to take a mild laxative at bedtime. Cathartics and purgatives, that by the violence of their quick action shock and disturb the system, should not be employed. An effective laxative remedy that is very dependable and which does not gripe or otherwise disturb the organs involved, is found in a combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin that can be bought at the drug store for fifty cents a bottle.

Mrs. C. C. Allen, 215 Foam St., New Monterey, Cal., wrote to Dr. Caldwell's Syrup Pepsin just what was needed for constipation and distress of the stomach after eating. It should be in every household.

MRS. C. C. ALLEN

Get a bottle of Dr. Caldwell's Syrup Pepsin and keep it in the house to use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

M. D. Watson New Owner of Old Navigator Hotel

That Waco will be one of the best equipped cities of Texas and of the entire South in the line of first class hotels, is evidenced by the fact that one of the present hotels yesterday changed hands and with the new proprietor it comes under the personal management of one of the most widely known hotel men of the South. The deal closed yesterday was the sale of the Navigator hotel by W. R. Orman to M. D. Watson.

Mr. Watson is known locally as one of the veterans and able hotel managers and proprietors, and has many friends here. He was for several years manager of some of the leading hotels of the city. His reputation over the state as being highly efficient in the hotel business has been widely known, he having gained this reputation as being for several years one of the proprietors of the Westbrook, the big million-dollar hotel of Fort Worth and one of the leading hotels of the state. Mr. Watson was one of the two proprietors and active managers of the Marquette of St. Louis, one of the most popular hotels of the South. He was associated in the management of the Marquette with T. H. Glancy, well known locally as having been connected for several years with the Metropolitan hotel of this city.

The Navigator is one of the largest hotel buildings in Waco. The big three-story, concrete-faced building is located at Third and Main streets, across the street from the Union station properties, in a cool, convenient place, and under the new management will be made one of Waco's popular boarding homes. The building boasts 136 rooms, all opening outside, all cool and all convenient to the business district and to the railroads.

Will Remodel Structure.
A thorough cleaning will be made of the building and carpenters and painters will begin the work of remodeling and repainting today. New paper will be hung in the rooms, new fixtures will replace the old and other changes will be made in the renovating process which will bring out all the advantages of the building. The lunch room will be opened to the public at an early date, at which time a modern restaurant and lunch counter will be opened. This feature will be ready about the first of April, according to the new

proprietor. The dining room will be reopened for the patrons as soon as the necessary changes can be made. Meals will be served in a first class manner, and the boarders will be given everything within the power of a first class hotel, said Mr. Watson. He expects to have this feature in operation by the first of March.

In the repainting process the building will have a new face, a big electric sign will be displayed on which will be the new name of the hotel, "Terminal," and lights will be hung in front of the building, making an attractive display and lighting up the whole building. New office furniture will also be installed as soon as it can be rushed to the city and completed.

Charles D. Watson Active Manager.
Mr. Watson will be associated in the management with Charles D. Watson, his son. The Junior Mr. Watson, now in Shreveport, will be in the city at an early date and will have active management. Mrs. M. D. Watson will arrive shortly to make this her home, she now being in Shreveport in the home of her sister.

Mr. Watson left Waco in 1902 for Fort Worth, where he took an interest in the Westbrook. Following this he acquired an interest in the Marquette in St. Louis.

"But Waco is my home," said Mr. Watson yesterday. "I have always loved the city and the manner of the people of the city, and no matter where I have been, I have always intended to return to Waco to make this my permanent home. For this reason I secured the Navigator. The hotel will be run on the American plan will be at the popular price of \$2.50 per day. This will be the feature of the hotel. Every convenience and everything good to eat will be furnished to those seeking a boarding home," he said. "Many of the rooms will be fitted with private baths, and showers and public baths will be provided. In fact there are so many things to be made that it is hard to tell you all of them at the present, and I do not know myself all of them yet, but I can tell you this much, that the hotel will be completely refurnished, refurnished and will be made one of the most habitable and pleasant in Waco."

SHOE MEN HERE FOR CONVENTIONS TODAY

JOINT SESSION OF TWO ORGANIZATIONS TO BE HELD TOMORROW.

BANQUET TONIGHT AT RALEIGH

Business Sessions Today—Local Shoe Dealers Hosts at Luncheon Tomorrow—Local Men Speakers.

Arrival of officers and members of the Texas Retail Shoe Dealer's association and the Southwestern Shoe Travelers' association began yesterday afternoon preliminary to the joint convention of the two organizations which begins in this city today. The Raleigh hotel, convention headquarters for the two organizations, has been especially decorated by Manager R. E. Fellow in honor of the shoe men.

Business sessions of the two conventions will be held separately today, and a joint session will be held tomorrow. Delegates to both conventions will be guests at a banquet at the Raleigh tonight, and again at noon tomorrow, when local retail shoe dealers will be the hosts. Weather conditions permitting, the convention program will be closed tomorrow afternoon with an automobile tour of the city.

Prominent arrivals yesterday and last night in advance of the convention sessions included W. E. Buckley, Houston, secretary of the Texas Retail Shoe Dealers' association; P. A. Ritter of Dallas, president of the Southwestern Shoe Travelers' association; W. H. Potts and Grover Matson of the Potts-Knauser Leather company, Dallas; M. L. Bridges of Taylor; W. A. Vaughn of Dallas, accompanied by Mrs. Vaughn. Secretary Buckley was accompanied by his wife and daughter, who are guests of Mr. and Mrs. Turner E. Hubby, 1800 Barnard street. Business sessions of the shoe retailers will be held in the banquet room of the Raleigh, and the shoe travelers in the assembly room of the hotel.

T. M. McGroggin of Houston, president of the retailers' association, will be toastmaster at the banquet tonight, at which members of both organizations will be guests. W. W. Naman, president of the Young Men's Business League, and W. V. Crawford, president of the Associated Advertising Clubs of Texas, will deliver an address of welcome, and Mr. Crawford, president of the local advertising club, will complete the program. A letter to Ruford McWhirter, chairman of the local arrangements committee, from President A. R. Roberts of the American Life Insurance company, invites the shoe men to inspect the city from the roof of Texas' tallest building.

Judge McCullough Is for Preparedness

Judge Tom L. McCullough, candidate for congress, is an advocate of preparedness, his views being expressed in a communication written some time ago, which is, in part as follows: "If the United States manifests her will and courage to defend her right position, there will be little disposition of other strong nations to resist. We fall to hesitate too long, we lose the world power to the centuries, and the opportunity of our republic. No respect for our protests will ignore our Monroe doctrine and imperil our very security and perpetuity of our republic."

"If we have any national aims and aspirations we must be alive to our opportunities. We must think in terms of the future. We must be prepared to carry our commerce to the markets of the world, for if we depend on foreign ships to carry our commerce we are at their mercy. In a little over one year the European wars have changed the political, economic, commercial and financial centers and systems of the world. It has brought America face to face with a new duty and new destiny and of course we are unprepared for it."

"But American enterprise is equal to the task if American statesmanship is broad enough to think in terms of the future. If the democratic party fails to put through some adequate program of preparedness, it will be swept from power. We must go forward."

"The events of the last year have changed the status politically, financially and commercially of all the principal nations of the world. The principal order discloses our inability to handle our foreign commerce; to seize the rich opportunity for extending our foreign trade; to maintain our national dignity and prestige. Our present policy, or to forcibly uphold our national dignity and prestige, is to force the rights of neutrals in the high seas."

"The principles which he has proclaimed are essential for the peace and security of all neutral nations, and they are heartily approved by the American people and are hopefully welcomed by the neutral nations of the earth."

"We desire peace, but we are prepared to command it."

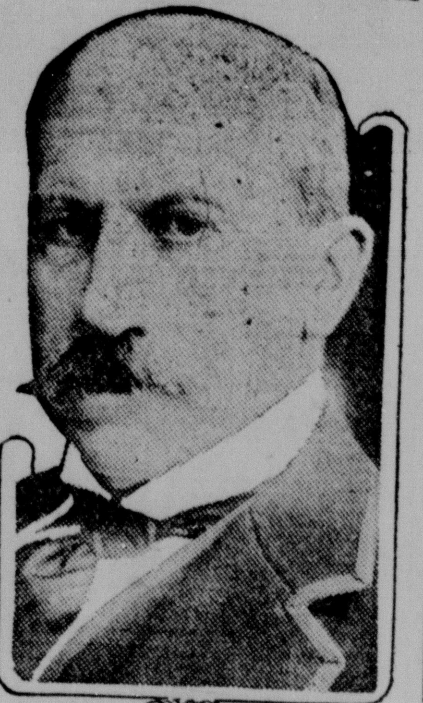

"The extent of our unpreparedness is colossal and invites direct and danger. It requires years to build navies, fortifications and arsenals, but what is most vital just now is that congress shall show its willingness to establish forever the just rights of neutrals in the security of human life and the freedom of commerce on the high seas. It is the psychological moment and America's opportunity."

Waco Newspaper Man Weds.
Frank G. Evans of Waco and Miss Catherine Davis of Fort Worth were married yesterday. The young couple returned to Waco yesterday afternoon. Mr. Evans is a member of the editorial staff of the Morning News, coming here a few weeks ago from Fort Worth. Both are well known in the latter city, and the best wishes of many friends follow them to their new home here.

Carlsbad by law requires all buildings to be as nearly fireproof as possible.

There are more than 3,000,000 electric flatirons in use in the United States.

DISLIKED BECAUSE OF GERMAN BIRTH

Viscount Milner.

Viscount Milner, who was governor of Cape Colony from 1897 to 1901, has been made the center of attack by the British press. The trouble seems to be that Milner was born in Germany, and never became a naturalized Englishman. Viscount Milner's father, Dr. Charles Milner, came from Tuebingen, Germany.

DR. GROSS SPEAKS ON INSTITUTE PROGRAM

GOSPEL OF HEALING SUBJECT OF DISTINGUISHED HOUSTON PREACHER.

Sunday School Workers Have Charge of Morning Session—Dr. Routh of Dallas to Speak Tonight.

The second day of the Columbus Street Mid-Winter Bible Institute was a great day for those in attendance upon the program.

Dr. H. Beauchamp conducted his teaching class at 10 in the morning and at 2:30 in the afternoon. He gave his class a bird's-eye view of conditions in a governmental and religious way that abounded in the world just prior to Christ's birth.

Dr. A. N. Hall, pastor of the First Baptist church, Waco, spoke at 11 o'clock, using as his subject "The Program of Christ in Teaching." He brought a message on Christ as the necessity of constant saching in the home first, then the Sunday school, and he strongly emphasized Christian education in our plans for church work.

Dr. A. N. Hall, pastor of the First Baptist church, Waco, spoke at 11 o'clock, using as his subject "The Program of Christ in Teaching." He brought a message on Christ as the necessity of constant saching in the home first, then the Sunday school, and he strongly emphasized Christian education in our plans for church work.

At 6:30 o'clock Rev. S. A. Cowan organized his class in the P. U. methods and what it has done for the lines of "Symmetrical Development, or Growing a Soul."

The instrumental choir led the singing and gave several special numbers, which were thoroughly enjoyed by all.

Night Program.
At the evening hour Dr. J. L. Gross, pastor of the First Baptist church, Houston, brought a message on "The Program of Christ in Ministering."

Dr. Gross said that it was not by accident that Luke put special emphasis on the doing of Christ first and the teaching of Christ afterward. Gross, "to be in deed and not in words. The Christian who programs speaks loudest in deeds of doing. The greatest work of the Christian is the Christianity that is winning out in the world. Unless Christ is in the heart, the Christian is a failure. It is bound to lose out, and for my part I shall hail the day when it does. Let us all realize that the day of Christ is the day when the world shall be a new minister to the needs of all people."

"The one purpose of Jesus coming to the world was to show God in His great love and mercy to the people. If you want to understand how He declared the Father, you will see His program as daily He went about the world, and healing every manner of sickness, and devoted one-third of His time in healing. We can not preach a well-rounded Gospel unless we preach the Gospel of healing."

"You cannot do much in the way of preaching the Gospel to a sick man. You cannot do much in the way of giving him bread to eat. The Gospel does not even find an entrance into the hearts of the people until you have previously ministered to them. It is the heart so you can talk to by ministering and helping out we illustrate to the world the loving heart of Christ."

Dr. Gross closed his address by giving a history of the growth of the Baptist sanitarium at Houston, which was in operation two years before any other in Texas, from a small unpretentious hospital to the great eight-story sanitarium, with its baby camp on top.

Today's Program.
Tonight there will be a reception in the parlors of the church immediately following the address of Dr. Routh. A special musical number that has been arranged for this evening consists of a duet by Dr. C. T. Caldwell and Miss Minnie Johnson.

Today's program follows:
9 a. m. Sunday School Training Class—Dr. H. Beauchamp.
10:45 a. m. "New Testament Teaching Concerning the Coming of Christ"—Dr. A. N. Hall.
11:30 a. m. "How to Make the Sunday School Go"—R. H. Coleman.
2:30 p. m. Sunday School Training Class—Dr. H. Beauchamp.
3:15 p. m. "How to Make the Sunday School Go"—R. H. Coleman.
5:30 p. m. B. Y. P. U. Class—Rev. S. A. Cowan.

7:30 p. m. Address, "Is Ignorance Bliss?"—Dr. E. C. Routh.
8:30 p. m. Reception in church parlors.

ROTARIANS TO CELEBRATE ELEVENTH ANNIVERSARY

COMMITTEE TO NAME SPECIAL PROGRAM NAMED BY LOCAL CLUB AT LUNCHEON.

Committee Enlarged to Report on Illustrated Letters to Advertise City.

Rotary will be eleven years old on Feb. 23, and in order that the local club may make a proper observance of the anniversary, a special committee consisting of C. B. Harman, E. M. McIntyre and Roy E. Lane was named at the meeting of the club yesterday at the State House to arrange a special anniversary program for the meeting of the club on Feb. 23, the nearest date to the birthday of the organization at which the local club meets. Special emphasis to the things for which Rotary stands and what it has accomplished since its organization will be given at this time.

J. Bruce Duncan, orator of the day yesterday, gave an interesting account of the causes leading up to the unprecedented rise of all materials on the metal markets since the advent of the European war, and told how quickly the break of the war had created a \$12,000,000 plant for the manufacture of small arms within less than a year's time which would be practically 50,000 people. But the efficiency of the organization is indicated not only in the fact that the factory and the speed with which it was erected by the very department of the big plant. A large hospital is being built in connection with the plant to the needs of the patients who are in connection with the plant has capacity sufficient to supply the needs of a city of 150,000 population, and everything else is done on a correspondingly large scale.

The talk proved quite an interesting one. James Hays Quarles reported on a proposal to send out a great deal of illustrated letter material calculated to advertise the city of Waco in every section of the United States, but that a fuller report on the merits of the proposition might be well made by a large committee with W. V. Crawford, chairman and C. B. Harman and Will Pogue was named to co-operate with Mr. Quarles in a study of the matter and report next week.

Next Monday's meeting will be held at the Hotel Raleigh at the usual time, the coming of some Valentine balls and other social functions making it inadvisable to have a night meeting for the ladies at that time, as was originally contemplated.

Judge C. M. Smithfield of Dallas, formerly a district judge at Hillsboro, made a brief impromptu address, expressing his belief in the value of the Rotary plan and his kindly feeling toward Waco.

C. B. McCollum suggested the idea of national preparedness as an appropriate thought for the day.

Next Monday's program will include Tom Dilworth as toastmaster, H. L. Davis as orator and Prof. R. B. Cobb as author of a thought for the day.

A. A. Davis officiated as toastmaster yesterday.

To Cure a Cold in One Day.
Take LAXATIVE BROMO GUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

The Hotel Raleigh now has an orchestra in the dining room at noons and evenings.—Adv.

Crowds Register Approval Sunday Moving Pictures

If attendance be taken to record approval of Sunday motion picture shows, it was undeniably proven last Sunday that several thousand persons favor this form of amusement for Sunday. Proprietors of the four theatres who gave free shows continuously from 2 p. m. to 10 p. m. Sunday are jubilant over the results of their experiment, which was admittedly to ascertain public sentiment as to Sunday operation of moving picture shows. The Hippodrome, the Crystal, the Rex and the Alamo kept open doors, and refused to accept contributions.

Completely crowded houses, even to standing room, were the rule at each of the four theatres throughout the eight hours of performance. At times the entrances had to be closed until the performance had ended and persons inside had departed to make room for hundreds who stood in the lobby and on the sidewalks. Passageways were roped off in the lobbies to prevent confusion between outgoing and incoming crowds.

High-class reels of the class shown in the theatres regularly on week days were shown.

The purpose of the Sunday shows as expressed by the managers of the four theatres in previous announcements was to sound the sentiment with regard to the initiative election of Feb. 13. "We want to hear from the women and children of the city the opportunity to express their wish; the managers will have the opportunity at the election," was the statement of the managers. The result was several thousand persons, a large proportion of whom were women and children, who attended Waco's first Sunday movies in many months.

Managers Pleased.
"Women have always been the shining light of the community; they do not have the vote, but the respect of husbands, brothers and sweethearts enable them to control elections," was the wording of a slide shown at intervals in the Rex theatre. The slide was greeted with applause each time it appeared.

There were more people on the streets during two hours between 2 and 4 yesterday afternoon than have been on the streets a whole Sunday during my residence in the city," was the statement of Manager Mornand of the Rex. "The result of our plan has been to prove that the great majority of the people—those who do not have automobiles in which they can spend their Sundays, or those who have no time—want Sunday movies in Waco. In addition, it was shown that this sentiment permeates all classes. We not only had crowds of working men with their wives and children, but there were bankers and business men as well. We are confident that the initiative election will be carried by a large majority."

"We are highly pleased with the results of our performances Sunday," said Manager J. A. Lemke of the Crystal. "We believe that we afforded many working men's families an opportunity for wholesome amusement which they have heretofore been denied. We believe that the large numbers who attended the Sunday shows

Constipation is Caused

by sedentary life, careless eating, lack of sufficient exercise, and by the use of harmful laxatives and cathartics which aggravate the very condition they are supposed to cure.

Constipation is Cured

by a return to regular habits of eating and exercise, by breaking off the laxative habit, and by the use of Nujol as an internal lubricant.

Nujol

REG. U. S. PAT. OFF.

A PURE WHITE MINERAL OIL

Is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant.

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

The mineral oil treatment for constipation, first advocated by Sir William Arbuthnot Lane, the distinguished English surgeon, is now being successfully prescribed by doctors all over the world.

Write for "The Rational Treatment of Constipation," an informative treatise on constipation. If you cannot get Nujol from your druggist, we will send you a pint bottle prepaid to any point in the United States on receipt of 75c—money order or stamps.

WILL YOU BE BALD EARLY?

Yes, in All Probability, if You Now Neglect Dandruff and Falling Hair.

Your comb collects a small bunch of hairs each morning and a few flakes of dandruff are deposited on your coat. You have gotten used to it. Perhaps your hair still seems as thick as ever. But dandruff is accompanied by disease germs that slowly but surely destroy the hair follicles and if you neglect it you are likely to be startled some day by the realization that your hair has become thin and sprinkled with gray. The thing to do is to begin NOW and destroy the scalp germs and dandruff. For this purpose get from your druggist 4 ounces of Bay Rum, 2 ounces of Lavender Crystals, Mix these ingredients yourself at home or have your druggist mix them for you. Apply this lotion to the scalp night and morning and rub in with your finger tips. This is a superb lotion for use regularly as a hair dressing as well as to invigorate the scalp and promote hair growth. It makes the hair fluffy and gives it lustre.

Social Service Plans to Be Outlined at Mass Meeting by Committee

At a conference in the Chamber of Commerce rooms last night between the committee of seven named last fall at the civic Thanksgiving exercises to take under advisement the social and civic needs of Waco, and representatives of various social and civic organizations already operating in the city, the general plan of bringing into a closer affiliation all social and civic agencies in the city was unanimously endorsed and it was voted to hold a mass meeting in the near future at which time the plans of the proposed work will be fully outlined, and if approved a board of directors to formulate a definite organization named.

To arrange for this mass meeting a committee consisting of Mrs. Edward Rotan, Mrs. A. T. Godshaw, W. W. Seale, C. W. Wilson and E. L. Fulkerson was named.

The general scope of the proposed organization as suggested by the conference of workers last night by the committee of seven that has been working on the subject for several weeks is as follows:

"To stimulate and foster all activities which tend to make our city a more healthful, cultural and beautiful place in which to live, and to make the work in this direction more efficient by unifying the energies of existing social and civic organizations and creating a general clearing house for all movements and ideas looking toward general community betterment."

It was explained that it is not the object of the proposed organization to interfere with any good work being done at present, but to bring about a closer affiliation of all social and civic agencies now at work in the city in the hope of eliminating waste and duplication and gathering greater strength for the accomplishment of a

great many things for the common weal which are now being overlooked altogether.

Dr. J. L. Kesler, chairman of the committee of seven—the other members being Mrs. W. O. Wilkes, Mrs. W. W. Woodson, Mrs. A. T. Godshaw, W. I. Neale, Dr. I. Warsaw and Frank E. Burkhalter—presided at the meeting. Brief addresses were made by some members of the committee, Frank E. Burkhalter outlining what other cities in this state and elsewhere were doing in meeting their social and civic needs in a comprehensive way; W. J. Neale setting forth the character of work that it is proposed that an organization should undertake in Waco, and Dr. Warsaw setting forth the need for such an undertaking here.

After these addresses the workers from the various bodies engaged in social and civic work were invited to ask questions and offer suggestions with the result that a number of points were brought out that enabled each one present to get a fuller idea of just what it is proposed to do through the organization toward which the committee has been working for some time.

Finally, it was voted to proceed with the organization and call a mass meeting at an early date, of all persons interested in the social and civic betterment of the city when a full report of what has been done will be made and a definite organization launched.

Those workers present last night will meet again Thursday night, February 17, to go over some more details and make final preparations for the mass meeting which will be called for a few days later.

That there is a need for such an organization as proposed appeared to be the consensus of opinion by everyone in attendance upon the conference last night.

MASS MEETING ON PREPAREDNESS IS CALLED BY MAYOR

For a definite expression on preparedness by the citizens of Waco and as an expression of their confidence in the program outlined by President Wilson, Mayor Riggins has called a mass meeting of Waco citizens to be held in the blue room of the city hall Thursday evening at 7:30. The mayor said yesterday that he would take it upon himself to appoint a committee to outline a plan for discussion of the vital question at that meeting and that this committee would be appointed within the next day or so.

The mayor left last night for Dallas to confer with Mayor Lindsey of that place in reference to getting the president to include Waco among his points to be visited in the southern tour of speaking on the subject which he made the tour of the central section recently completed.

Before he left Mayor Riggins said: "President Wilson has indicated that he is going to make a visit to Texas. With an enthusiastic crowd gathering at the city hall, passing suitable resolutions, and a committee appointed at that meeting to invite President Wilson, it would be a good thing to have him in the right direction. Mayor Lindsey of Dallas has told me frequently that anything Waco wanted in the future at any time, that if Dallas could help us, he would be glad to do so; and I am now in communication with the mayor, and I am satisfied that he and Dallas will do everything in their power to get anything that Waco goes after."

"Whether or not we can get the president to visit Waco on his southern tour," said the mayor, "now would be a good time to fully discuss the subject and it will let the people know where Waco stands on the most important issue. The people all over the country should come out in the open and express their support of the program if they are in favor of it, so that the national congress may get a line on what to do."

A good grade of paper can be commercially made from hop refuse.

LOUIS MANN TO SPEAK AT BAYLOR THIS AFTERNOON

Waco will have the benefit of hearing one of the leaders of the American stage and one of the greatest actors in the world, speak at Carroll chapel this afternoon at 4 o'clock at which time Louis Mann will make an address under the auspices of the English club at Baylor university. When his visit to Waco as leading man in "Bubbles" was first learned, Dr. A. J. Armstrong of the English department, began arrangements looking forward to getting him to make an address at Baylor.

The address to be made will be on the underlying idea of the Shakespearean celebration in the spring. Members of the department of English at the university, under the leadership of Dr. Armstrong, will have charge of the appearance of Mr. Mann and plan to make this one of the preliminary features of the celebration of the 300th anniversary. They are making great plans for the celebration which will be held next spring.

Mr. Mann is credited with the honor of having started this celebration and is known as one of America's most versatile actors. The local Shakespeare club will be special guests this afternoon, and seats will be reserved for them. Owing to the appearance of Mr. Mann this evening in "Bubbles" at the Auditorium, it has been requested by those in charge at the university that visitors be prompt in attendance at the lecture.

Open Session of U. D. C. Scheduled for Tomorrow

Several papers of interest concerning the days and heroes of the civil war and entertaining musical numbers will be offered by Mary West chapter, U. D. C., Wednesday afternoon in an open session which will be held at the residence of Mrs. D. M. Wilson, 1209 Morrow street. Veterans and friends are invited to be present at the session. The following program in full will be rendered:

Roll call.
Song by chapter—Mrs. Kendall, accompanist.
Paper, "The Early Training of Robert E. Lee and Stonewall Jackson"—Mrs. George Denton.
Music, selected, Miss Mildred Laing.
"Condition of the North and South at the Close of the War Between the States"—Mrs. D. J. McWilliams.
Music, selected—Miss Edith Adelman.
Discussion, "The Necessity of the Ku Klux Klan."

In that even go to a competent Optometrist. An Optometrist is a man who has made a special study of the eye and its defects, just as your physician has made a study of medicine and its effects upon the human system. The Optometrist has learned how to determine and correct these eye defects by mechanical means, without the aid of "drugs" or "drugs."

Social Service Plans to Be Outlined at Mass Meeting by Committee

At a conference in the Chamber of Commerce rooms last night between the committee of seven named last fall at the civic Thanksgiving exercises to take under advisement the social and civic needs of Waco, and representatives of various social and civic organizations already operating in the city, the general plan of bringing into a closer affiliation all social and civic agencies in the city was unanimously endorsed and it was voted to hold a mass meeting in the near future at which time the plans of the proposed work will be fully outlined, and if approved a board of directors to formulate a definite organization named.

To arrange for this mass meeting a committee consisting of Mrs. Edward Rotan, Mrs. A. T. Godshaw, W. W. Seely, C. W. Wilson and E. L. Fulkerson was named.

The general scope of the proposed organization as suggested to the conference of workers last night by the committee of seven that has been working on the subject for several weeks is as follows:

"To stimulate and foster all activities which tend to make our city a more beautiful, cultured and beautiful place in which to live, and to make the work in this direction more efficient by unifying the energies of existing social and civic organizations and creating a general clearing house for all movements and ideas looking toward general community betterment."

It was explained that it is not the object of the proposed organization to interfere with any good work being done at present, but to bring about a closer affiliation of all social and civic agencies now at work in the city in the hope of eliminating waste and duplication and gathering greater strength for the accomplishment of a

great many things for the common weal which are now being overlooked altogether.

Dr. J. L. Kesler, chairman of the committee of seven—the other members being Mrs. W. O. Wilkes, Mrs. W. V. Woodson, Mrs. A. T. Godshaw, W. J. Neale, Dr. I. L. Warsaw and Frank E. Burkhalter—presided at the meeting. Brief addresses were made by some members of the committee, Frank E. Burkhalter outlining what other cities in this state and elsewhere were doing in meeting their social and civic needs in a comprehensive way; W. J. Neale setting forth the character of work that it is proposed that an organization should undertake in Waco, and Dr. Warsaw setting forth the need for such an undertaking here.

After these addresses the workers from the various bodies engaged in social and civic work were invited to ask questions and offer suggestions with the result that a number of points were brought out that enabled each one present to get a fuller idea of just what it is proposed to do through the organization toward which the committee has been working for some time.

Finally, it was voted to proceed with the organization and call a mass meeting at an early date, of all persons interested in the social and civic betterment of the city when a full report of what has been done will be made and a definite organization launched.

Those workers present last night will meet again Thursday night, February 17, to go over some more details and make final preparations for the mass meeting which will be called for a few days later.

That there is a need for such an organization as proposed appeared to be the consensus of opinion by everyone in attendance upon the conference last night.

MASS MEETING ON PREPAREDNESS IS CALLED BY MAYOR

For a definite expression on preparedness by the citizens of Waco and as an expression of their confidence in the program outlined by President Wilson, Mayor Riggins has called a mass meeting of Waco citizens to be held in the blue room of the city hall Thursday evening at 7:30. The mayor said yesterday that he would take it upon himself to appoint a committee to outline a plan for discussion of the vital question at that meeting and that this committee would be appointed within the next day or so.

The mayor left last night for Dallas to confer with Mayor Lindsey of that place in reference to getting the president to include Waco among his points to be visited in the southern tour of speaking on the subject which he made the tour of the central section recently completed.

Before he left Mayor Riggins said: "President Wilson has indicated that he is going to make a visit to Texas. With an enthusiastic crowd gathering at the city hall, passing suitable resolutions, and a committee appointed at that meeting to invite President Wilson, seems to me would be a move in the right direction. Mayor Lindsey of Dallas has told me frequently that anything Waco wanted in the future at any time, that if Dallas could help us, it would be glad to do so; and I am now in communication with the mayor, and I am satisfied that he and Dallas will do everything in their power to get anything that Waco goes after."

Whether or not we can get the president to visit Waco on his southern tour, said the mayor, "now would be a good time to fully discuss the subject and it will let the people know where Waco stands on that most important issue. The people all over the country should come out in the open and express their support of the program if they are in favor of it, so that the national congress may get a line on what to do."

First Night Success.
Albert Chevalier, the English actor, tells a good story about his early days as a small provincial actor one night at a small provincial theatre. He said the manager that he did not expect to get such a cordial reception as the audience had given him.

"What makes you say that?" said the manager. "I did not notice it."

"Didn't you hear them banging their walking sticks and umbrellas on the floor?" asked Chevalier.

"That wasn't applause," replied the manager. "The postoffice is on the floor above us and they were stamping letters for the mail."—Boston Post.

LOUIS MANN TO SPEAK AT BAYLOR THIS AFTERNOON

Waco will have the benefit of hearing one of the leaders of the American stage and one of the greatest actors in the world, speak at Carroll chapel this afternoon at 4 o'clock at which time Louis Mann will make an address under the auspices of the English club at Baylor university. When his visit to Waco as leading man in "Bubbles" was first learned, Dr. A. J. Armstrong of the English department, began arrangements looking forward to getting him to make an address at Baylor.

The address to be made will be on the underlying idea of the Shakespeare tercentenary celebration in the spring. Members of the department of English at the university, under the leadership of Dr. Armstrong, will have charge of the appearance of Mr. Mann and plan to make this one of the preliminary features of the celebration of the 300th anniversary. They are making great plans for the celebration which will be held next spring.

Mr. Mann is credited with the honor of having started this celebration and is known as one of America's most versatile actors. The local Shakespeare club will be special guests this afternoon, and seats will be reserved for them. Owing to the appearance of Mr. Mann this evening in "Bubbles" at the Auditorium it has been requested by the English club at the university that visitors be prompt in attendance at the lecture.
